"Blindness" opens students' eyes

A pie-eating contest? A food-tasting session? No, this student at Antioch Upper Grade Center is participating in a class experiment to experience what it's like to be blind. Read about this unique lesson on page 4. (Staff Photo)

New Grade School building discussed

The Board of Education of Grade School District No. 34 has reached tentative agreement on basic plans for a new grade school building. It is hoped that plans can be finalized in time for a referendum later this year.

A representative of the architectural firm of Anderson, Rehder, Yandre, presented five different drawings to the Board at their regular monthly meeting Tuesday, September 11. The drawings show only the basic plan of the proposed building, which has been under serious study for about a year. They were developed from two different concepts of what type of building is desired.

One approach conceives of a building along the lines of the Upper Grade Center, a very contemporary, flexible building centered on a "learning center." The other concept is of a more traditional building architecturally, but still incorporating an interior design that could be very adaptable.

It was the second direction that most of the Board members seemed to favor, seeing it as acceptable to the greater number of area residents. Discussion brought

out the point that funds for any building must be approved in a public referendum.

With apparent agreement on one approach to be followed, the Board directed the architect to prepare more comprehensive plans for their inspection, after discussion with Superintendent Henry Meyer.

The Board and the administration are still not completely satisfied with the Upper Grade building. Business Manager Sam Kohr reported on a series of small problems - from a leaky roof, to inoperable air conditioning, to faulty wiring - which, taken together, spell a major headache at the school.

"I've been up on the roof many times," said Board President Gerald VanderMeer, "and you can't walk a normal step in any direction without stepping on an air bubble. I'm not a roofer, but common sense says it's not going to last more than a few years."

In effect, the problem was given back to Kohr, who was directed to have the roof inspected, solicit bids on its repair, as well as repair of the other problems, and have cost

Antioch's long-awaited Planned Development (PUD) ordinance has been reviewed and approved by the Planning Commission and forwarded to the Village Board. The Board is presently seeking a list of corresponding amendments to the Zoning Ordinance necessitated by the new proposal. Before it can be enacted into law, the Zoning Board of Appeals must hold a public hearing on the matter, a procedure that may take one or two months.

The 26-page document, drawn as a proposed amendment to the Village Zoning Ordinance, is the work of Harland, Bartholomew and Associates, who were formally hired Monday night as professional planners for the Village. In light of the number of PUD's proposed for the village in recent years, the Planning Commission had put top priority on this ordinance.

"It represents the best, as far as we're concerned," Bruce Christianson of the Harland, Bartholomew firm assured the commission members Thursday evening. "Planned Development ordinances similar to this are already in effect in Glen Elyn, Northbrook, and several other towns," he added.

Beginning with the statement that "Planned developments

are of such substantially different character from other special uses that specific and additional standards and exceptions" are necessary, the ordinance sets forth a rigorous procedure for the approval of such projects. Any planned development (industrial, commercial, residential, or mixed) requires four separate approvals - from both the Planning Commission and the Village Board and for both a preliminary and a final plan. In addition, a public hearing must be conducted by the Planning Commission as the first step toward preliminary approval. Also, if the project is proposed in stages, a separate final plan must be prepared - and approved - for each stage.

Generally, a planned development must follow the regulations for the zoning district in which it is located. Thus, commercial facilities ordinarily would not be allowed in a residential neighborhood. Nor would a large multiple family project be allowed without proper re-zoning.

However, certain specific exceptions may be allowed where the Planning Commission determines that such uses are necessary and/or desirable for the project.

Christianson commented, "This is the first PUD section I've prepared which deals with mixed use developments - industrial-commercial, commercial-residential. Most communities just aren't yet prepared to deal with mixed use developments."

Much of the ordinance is taken up with establishing guidelines for designing planned developments. For example:

- there must be adequate off-street parking.

- utilities (including telephone and electric lines) must be placed underground.

- minimum lot size for a single-family dwelling is 6,600 sq. ft.

- a residential building may cover no more than 30 percent of its lot

- at least 10 percent of the land area must be provided for

BRUCE CHRISTIANSON

parks and recreation purposes -streets, sewers, water, lights and other facilities must be provided according to Village ordinance.

Commission member Ken Wierschem raised the question: "Do you think developers in this area will think that the things we are requiring for submission are excessive?"

"Oh, undoubtedly," Christianson quipped. But, he added, it is not out of line with what other communities ask, or what should be required.

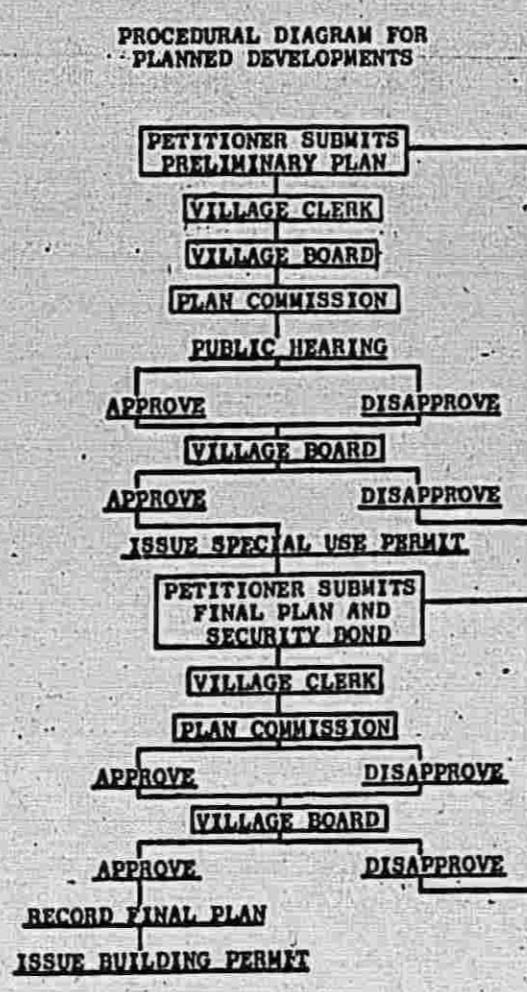

The most unique feature of the ordinance is the granting of what are called "Design Incentives." That is, the Village Board may increase the number of dwelling units permitted, in return for certain desirable concessions on the part of the developer.

A list of these desired features is included in the ordinance, with a scale of "points" determined for each one. A developer may accumulate these points for his project. If he earns at least 20 points, the Village Board may increase the number of permitted units by one percent for every two points, up to a maximum of a 20 percent increase.

Some of the Design Incentives for which points may be given include:

- Open Space: 12 points if at least 25 percent of the site area

Village Officials Share Ideas, Learn

Antioch was virtually without a village government this past weekend, as almost every village official left town Friday afternoon.

The occasion was not some massive embezzlement of taxpayers' funds, but the 60th annual conference of the Illinois Municipal League, held at the Conrad Hilton Hotel in Chicago.

Among those who attended the conference from Antioch were: the mayor, the village clerk, four of the six trustees, the village attorneys, the treasurer, the engineer and the building inspector.

A wide variety of seminars, panels, workshops and speeches were offered on practically any topic of interest to municipal officers. Some of the major topics covered included: legislation enacted by the 78th General Assembly; revenue sharing; council procedure; and regionalism.

No immediate and drastic changes can be expected as a result of the officers' new knowledge, but it should increase efficiency and understanding and provide a sounder legal basis for actions that are taken.

Keynote speaker for the conference was Illinois Secretary of State Michael Howlett. Governor Dan Walker addressed the group also. "If he had been on time, we might have seen him, too," Village Clerk Marilyn Sterbenz reported, "but we had already made reservations to see this play..."

NEW GRADE SCHOOL BUILDING DISCUSSED continued

figures available for discussion at the next Board meeting.

The question of a maternity leave policy has been raised by a teacher's request. After discussion of the problems involved with finding substitute teachers, upsetting the learning process by frequent changes of teachers, and the legal requirements stemming from the teacher's rights, a policy was developed to deal with this and future situations.

The teacher making the request will be directed to teach as long as she is physically able to do so, and return to teaching as soon after her termination of pregnancy as her doctor indicates she is physically able.

Robert E. Brown was hired as a Science teacher at the Upper Grade School for the year 1973-74.

The Board also approved a contract with the Special Education District of Lake County (SEDL) for \$400 for supervisory services in order to gain State re-imbursement for a Learning Disabilities teacher. In the course of approving the expenditure, the Board commented as a group that it was quite a high price to pay for the services rendered. However, they agreed that in this case they apparently had no alternative. Business Manager Kohr assured them that this was still much lower than the \$2200 originally asked by SEDOL.

Finally, the possible purchase of real estate by the district was discussed as the Board went into executive session. No final decision was reported on this matter.

COMPLAINTS AIRED ON POWER BLACKOUTS

An Antioch businessman and the Village Superintendent of Public Works expressed dissatisfaction with the service provided to the Village by Commonwealth Edison Company and asked that some formal action be taken, at Monday night's Village Board meeting.

Grant Spong, speaking both for Quaker Industries and as a resident of Antioch, recalled three specific blackouts which have hit the area in the past two months: July 20, from 11:50 a.m. to 12:23 p.m.; August 9 from 8:50 p.m. to 11:40 p.m.; September 17, from 10:10 a.m. to 11:00 a.m.

"I find fault with Commonwealth Edison, who are not

giving us service," Spong commented. This represents hundreds of dollars lost in productivity by local industry, he added.

"When you try to reach these people, you can't even get them by telephone," he complained. He asked the Board to look into the matter and do something to improve the quality of electrical service to Antioch.

Spong received support from Fire Chief and Superintendent of Public Works Tod Mapleshorpe, who pointed out that since Commonwealth Edison moved their service garage to Waukegan, Antioch is an hour-and-a-half away from any service outside of regular

business hours.

Looking over the program for the 25th anniversary Open House at the Antioch Scout House are some of the leaders who made the day possible. (l to r) Wendy Maston, troop leader in charge of serving committee; Mrs. Louise Kaufmann, who was on the Board of Directors at the time the Scout House was built; Helen DeVries, organizer; Betty Burkman, Council staff; Marilyn Zimmerman, troop consultant; Birgit Gibson, West Association chairperson; Nancy Trayes troop service director, Grass Lake; Elaine Wojnowski, troop leader, Cadet Troop 237. Gathered in the foreground are just a few of the many scouts who are the object of all these peoples' efforts. (Staff Photo)

CONGRESSMAN MCCLORY LAUDS U.S. HOUSE COMMITTEE APPROVAL OF FOX RIVER BASIN PROJECT

Congressman Robert McClory announced that the U.S. House Water Resources Subcommittee has approved a \$1.5 million study by the U.S. Corps of Engineers of the Fox River Basin. This Congressional action came as a result of a resolution offered to the committee by Congressman Robert McClory, together with his colleagues, Congressmen Leslie Arends of the 15th Congressional District, and John B. Anderson of the 14th Congressional District, both of whom also represent areas through which the Fox River flows.

The extensive flooding of the Fox River earlier this year together with the deteriorating conditions of the water throughout the Fox River Basin were compelling reasons for this important Congressional action.

Congressman McClory explained that this project approval is the first step toward ultimate federal action with respect to the Fox River and is expected to be followed by an allocation of funds in a forthcoming Public Works Appropriation Bill.

The Fox River which stretches from beyond the Wisconsin border to a point where it connects with the Illinois River at Ottawa, is one of the most important recreational and scenic waterways in the entire midwest.

Upon receiving notice of the Congressional action, Congressman McClory stated: "The tremendous impact of public growth in the area served by the Fox River makes this Congressional action doubly significant. I expect to continue working with my colleagues, Congressmen Arends and Anderson, to assure that steps are taken ultimately to improve the quality of the Fox River water and to control the flow of water in this vital waterway."

I have been grateful to receive the help and support of Chairmen Philip Elfstrom of the Kane County Board, Walter Dean of the McHenry County Board and Ronald Coles of the Lake County Board, in behalf of this project.

LETTER TO THE EDITOR

Dear Friend:

If you have a pet, or have ever had a pet you loved, you know how playful and happy a well-fed, warmly-sheltered, much-loved dog or cat can be.

But just for a moment, please consider that pet's opposite number: the animal who could be just as playful and happy as a family pet, but who is forced to live the hungry, unsheltered, miserable life of a stray.

Because the numbers of homeless cats and dogs are so vast, many people believe nothing can be done, except to destroy as many as possible at public animal "shelters".

We are convinced that a great deal can be done. That is why we have decided to organize an Association for effective action in preventing cruelty to animals, educational programs in schools and other groups, supporting animal legislation and an animal birth control program. These are just a few of the areas in which action could make Lake County a happier, healthier and safer place for people and for animals.

Most of the goals require time, knowledge and funds. If you are able to help us in any way, please contact us or mail your tax-deductible application for membership today.

Your volunteer help is needed in fund-raising, welfare and helping in the schools. Can you help us here, too?

To all of you that love animals and want to end cruelty, please help.

Beverly J. Salo

"BLINDNESS" OPENS STUDENTS' EYES

When I was blind for my day at school, it was hard. When I tried to do my spelling, and I looked at it the next day, the words were all doubled up.

Thus did one seventh grade student at the Antioch Upper Grade Center describe her reaction to a rather unique experience in empathy which is taking place at the school.

Selected students are gaining first-hand knowledge of how it feels to be blind. About fifteen students a day have been going through all their classes and activities (except P.E.) blindfolded.

It all began innocently about two weeks ago in Mr. Paul Epner's Science classes. To introduce his students to the five senses, Mr. Epner has devised lessons in which the students are denied a particular sense, in order to increase their awareness of the other four.

My hearing, smelling and tasting improved. Due to my lack of sight, my other senses became very sensitive.

At first, the experiments took place only in Mr. Epner's classroom. Students were blindfolded, then had to experience things only by taste, touch, sound or smell. "I wonder what it would be like to be blind all the time," inquisitive students began to ask?

Taking this question as a cue, the classes decided that this would be a worthwhile subject to explore. With the cooperation of the other teachers and the administration, arrangements were made for small groups of students to experience "Blindness" for a full day.

you had to have a guide to lead you through the day, to help you to all your classes, to help you get your lunch, etc.

Some students went for the entire day; one reportedly extended the experiment for several days. Most students, it seems, found blindness too frustrating to put up with. For some, it was the itching of the blindfold, or the constant need to re-adjust it. For others, it was just the difficulty of trying to operate without the familiarity of seeing what they were doing.

Lunchtime was particularly hard on many students, and a good number of blindfolds succumbed to hunger. Milk cartons opened at the wrong end, food that will not stay on

FIRE CAUSES \$3,000 DAMAGE TO RADIATOR SHOP

An explosion and small fire caused about \$3,000 worth of damage at the Antioch Welding and Radiator Service, 344 Park Avenue, last Wednesday.

According to Fire Chief Tod Maplethorpe, leaking fumes were ignited by a welding torch, causing a small explosion which in turn, touched off a fire. The flames were quickly extinguished by the Antioch Fire Department. There were no injuries reported.

When you're blind, this Antioch Upper Grade student discovered, you don't know that the food has fallen off until you put an empty fork into your mouth. The experience of "blindness" developed out of a science class project. (Staff Photo)

the fork, compartmentalized trays, all are formidable obstacles to the sightless. Food dropped on the table or floor is pretty much lost forever. Besides, you just can't tell what you're going to bite into.

It's very funny eating and not really knowing what you are eating till you taste it.

Meanwhile, the experiment continued in Mr. Epner's classroom. In one session, the students are blindfolded and each is given a numbered potato. After a few minutes, during which each student is to

"get to know his potato," the potatoes are collected and re-distributed. The students then pass them around the circle, until each feels that he has re-discovered his own potato. The blindfolds are taken off and the results checked. The accuracy of the sense of touch is amazing. Working in small groups of about 8, almost every student was able to correctly feel his own potato. In a larger group of about 25, there were usually only about three students in error.

Each potato feels different. They're different sizes to begin with. One time I had a

A blindfolded student in Mr. Paul Epner's seventh grade science class "gets to know her potato" through the sense of touch. Later, the potatoes of all 25 students will be passed around the room, and she will have to re-discover her own, again totally by touch. (Staff Photo)

potato that had just one big indentation on the end. As the potatoes came around, I felt the end of each one until I found my own."

The experiments with blindness have given rise to a number of other projects among the students. Books and magazine articles on the subject have been brought to class. Students with access to materials in Braille have shared them with others. A guest speaker has been invited to talk to the classes. A collection of coupons from Vets

dog food cans to help finance seeing-eye dog projects yielded 150 coupons the first day.

These projects were not in Paul Epner's lesson plan when he began his classroom experiences in blindness. But the atmosphere of adaptability at the Upper Grade Center has allowed him to capitalize on the students' expressed interest in exploring the subject.

When I was blindfolded it was both fun and scary. . . It is a good experiment to show how blind people feel.

Drug investigation continues

Antioch police have made what Chief Jack Wells agreed is a "Major break" in their continuing investigation of drug abuse in the village. As a result, Wells said Tuesday, "several youths were and will be turned over to juvenile authorities."

The break came on Wednesday evening, September 12, when a girl came to the police station and told police that she was "oh a bad trip," after taking a hallucinogenic type drug purchased from students at Antioch Community High School.

Students involved were questioned by police on Thursday, after notification of their parents through the high school. Statements were taken and some lockers searched, Wells said.

"Witness statements were taken (from the students involved) on a voluntary basis," according to Wells. "The search of lockers was also done with the full permission of students involved," he added.

All students involved will be handled as juveniles by the proper authorities. Further investigation is pending. Meanwhile, a special meeting of the high school board has been called for Thursday evening to discuss the matter. Students involved and their parents have been invited to the meeting.

School authorities, generally, are not saying much publicly about the events, preferring to consider it a police matter.

"We're becoming satisfied," Chief Wells said, "that most students agree that a curbing of these situations is necessary."

He added that he was very gratified that there has been no hysteria in the matter. "Parents of involved students have been very cooperative, as have the authorities at the high school," he said.

Not all of those involved are students at the high school, according to the Police Chief. "These non-students have been advised," he said, "that any and all - juvenile or adult - participating in the so-called drug culture will be arrested and brought before the proper authorities."

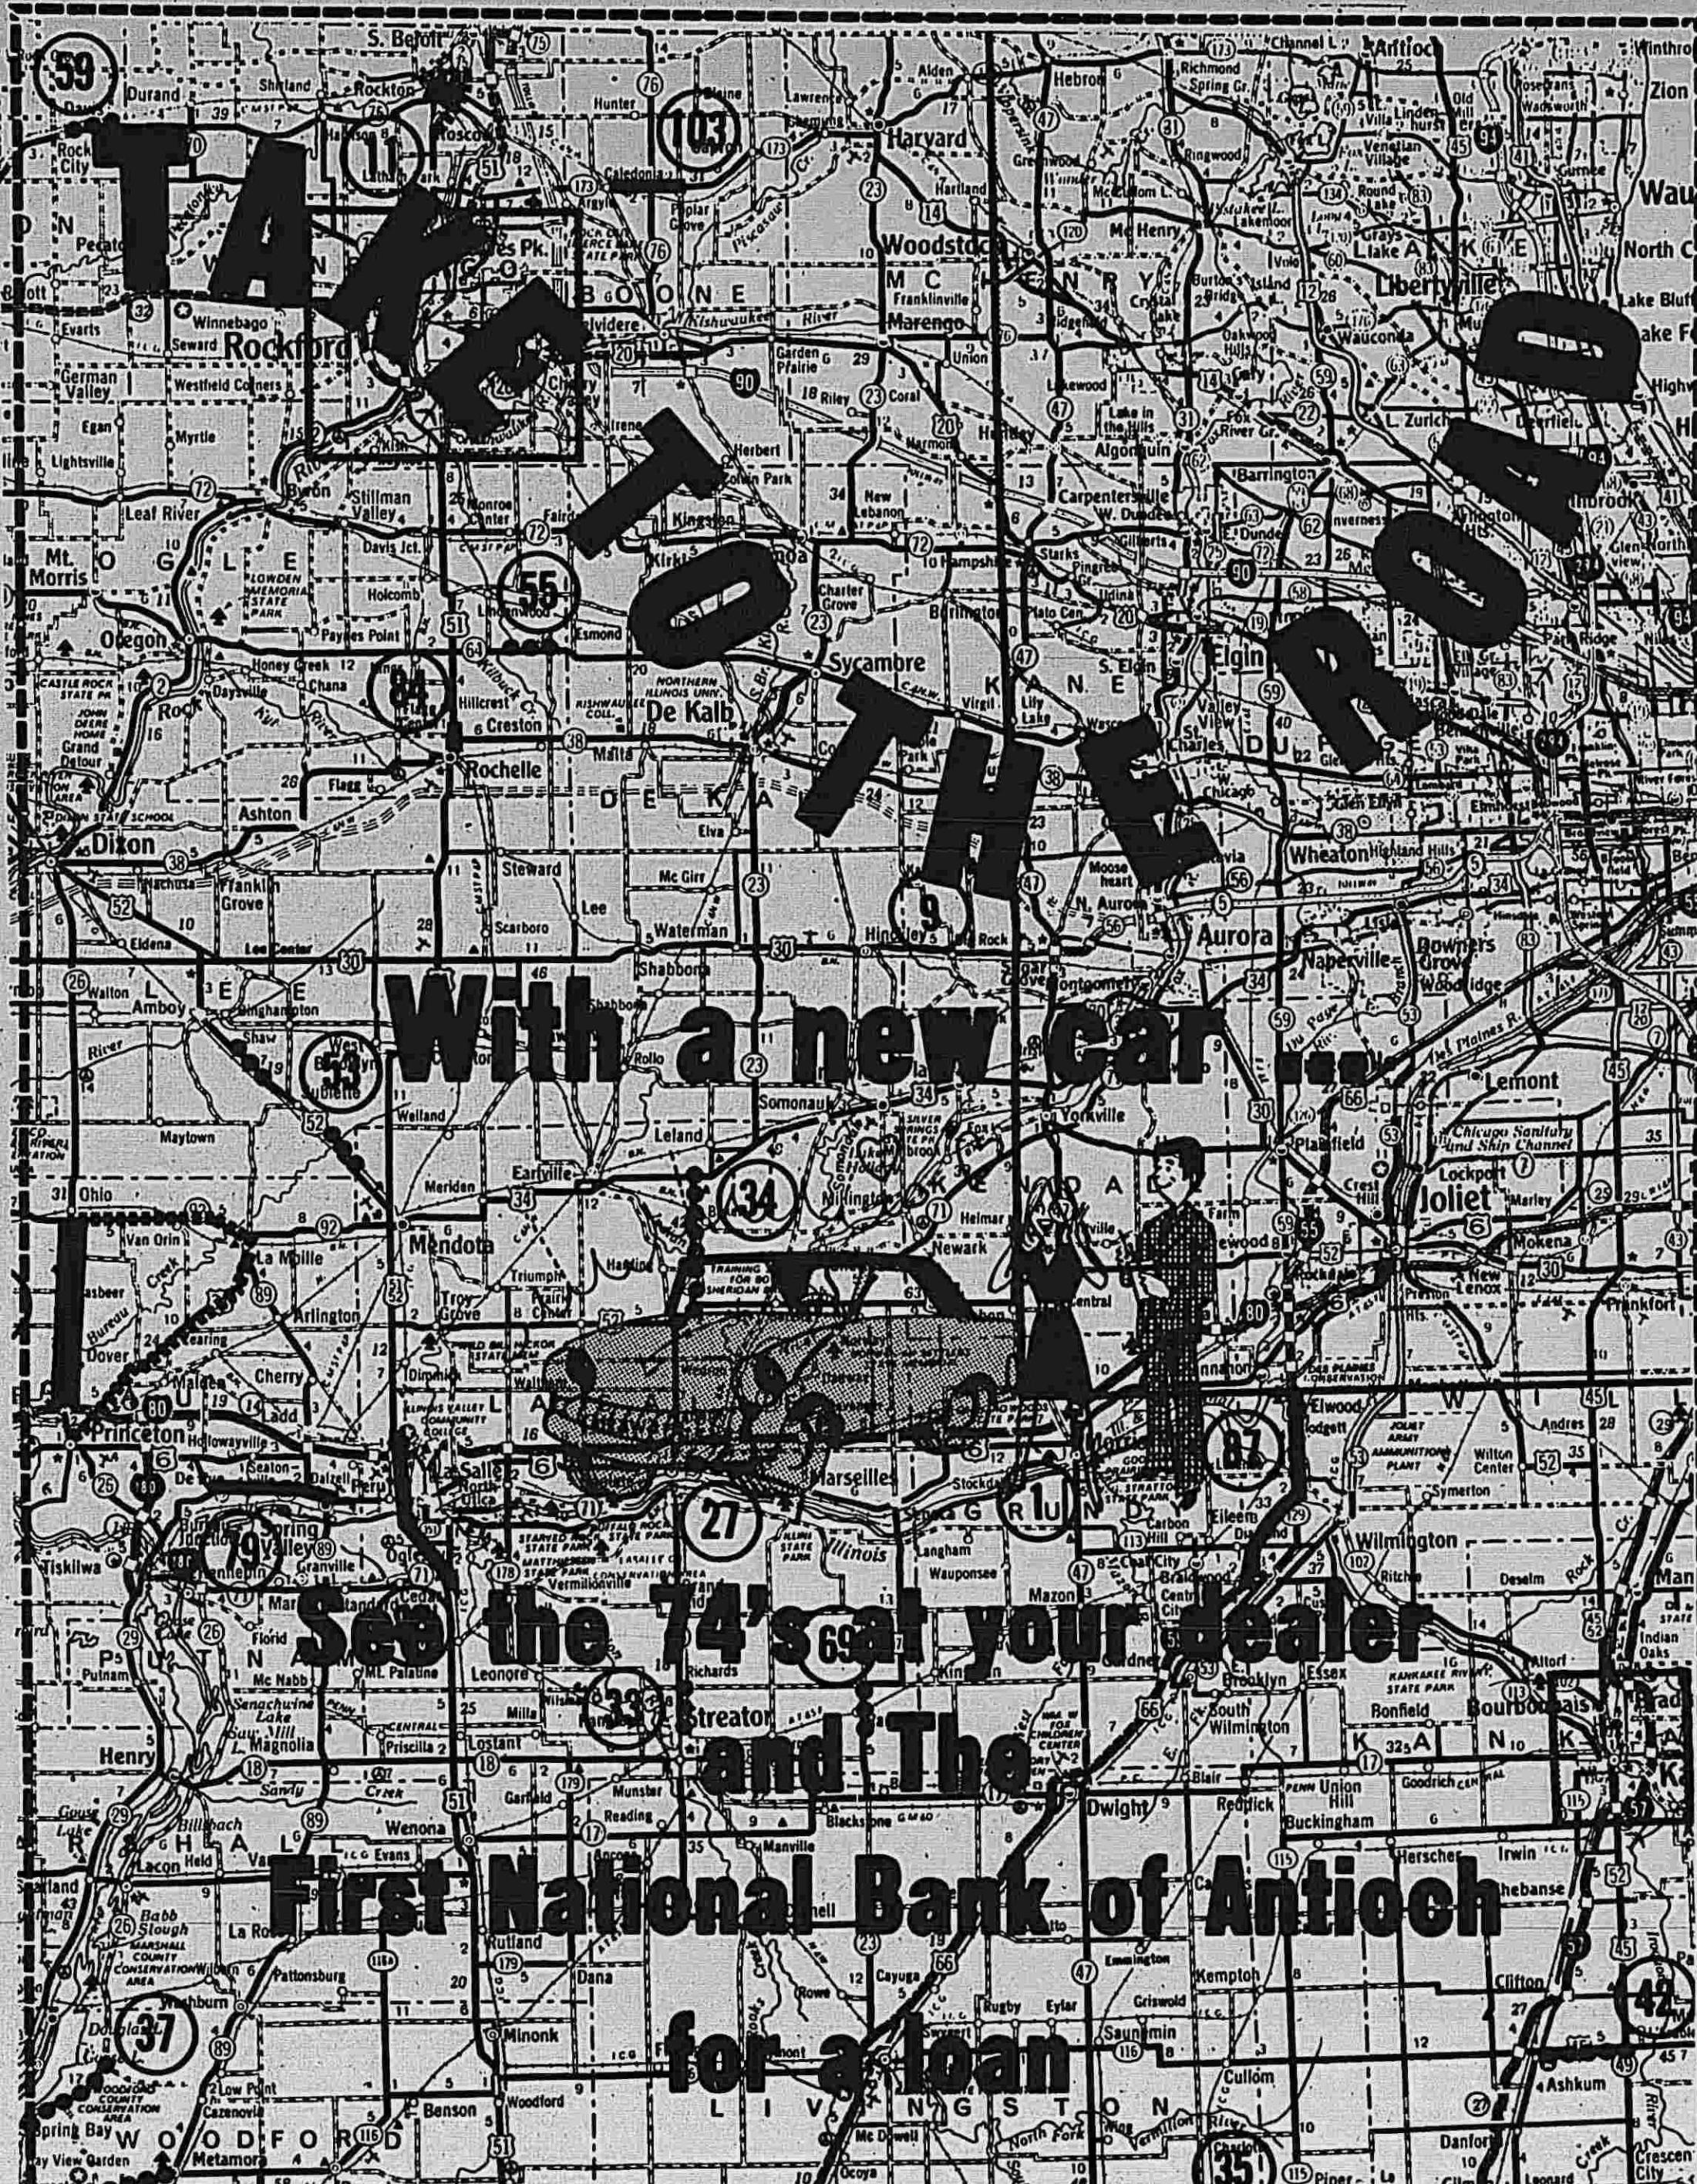

Besides the police work involved, this situation may spark the creation of some recreational facilities for high-school-aged people. Chief Wells revealed that he has been talking to representatives of some Antioch service organizations within the past few days.

"They agree that certain steps should and will be taken to try and provide some type of recreational facilities for this

particular age group," he reported. "The young people who I've talked to have voiced the opinion, too, that such facilities are needed," Wells added.

The police also greatly appreciate the cooperation they are receiving from most young people in "not making an eyesore of the village" until some recreational facilities are available, according to the Chief.

"I've been assured by the Rotary Club that they will contact some of the other service organizations and see if they could set up a proper program," Wells stated.

SOCIETY PUBLISHES TWO NEW EYE-CARE PAMPHLETS

Two new pamphlets on eye care and safety are now available from the Illinois Society for the Prevention of Blindness. One brochure covers the potential hazards of eye cosmetics and aerosol sprays; the second provides useful information concerning the use of contact lenses.

Both pamphlets, Leonard H. Heise, Executive Director of the Society, explains, are available free of charge, and can be obtained by writing the Illinois Society at 220 S. State Street, Chicago 60604.

20 YEARS AGO, SEPTEMBER 17, 1953

The Rev. Alfred J. Henderson, pastor of St. Peter's Church, Antioch, will celebrate his silver jubilee as a Roman Catholic priest on Tuesday, September 22.

Attracting attention in many parts of the country is a product of the Roll-on-Sealer Co., a companion company of the Frostee-Sno Co., here in Antioch. The invention of the late John Oftedahl is the only one of its kind.

10 YEARS AGO, SEPTEMBER 19, 1963

Ground was broken for the addition to the Antioch Village Hall on Monday.

Palette, Masque and Lyre will lease the defunct Lakes Theatre building for their future home and hope to add a cultural touch to the community.

FAMOUS OLD RESORT OPENS NEW ACT

One of the longest running acts in Lake County resort history has opened a new routine to a full house.

Joy-Lar Supper Club is a new name as far as area nightclubs are concerned, but the location should be familiar to many. Situated about one mile west of the intersection of Route 59 and Beach Grove Road, the former Berned's Resort opened under the new management of Larry and Joyce Ciecholinski last May.

Previously the establishment was known as Dressel's Resort and is shown on a map of the Lake Marie area drawn by Northwestern University engineering students who camped nearby in 1915. That map now hangs on the wall in Joy-Lar Supper Club.

The new name is the creation of Vi Johantgen, proprietor of Vi's Yellow Bird nightclub.

This weekend Larry and Joyce hosted one of the grandest of Grand Openings, featuring a buffet that ran practically the entire length of the dining room. Star attraction at the club during the Grand Opening was Marsha, "the first lady of comedy," whose adult humor had the patrons laughing almost more than they were eating every evening. Among the many friends and area

businessmen who came to celebrate with Larry and Joyce were the owners of several other area nightclubs and restaurants, indicating that Joy-Lar Supper Club may be the "night-clubbers' nightclub."

NOTICE OF SPECIAL MEETING

A special meeting of the Board of Education has been called for by Mr. Robert M. Lindblad, President of the Board of Education for Thursday, September 20, 1973, at 7:30 p.m. in the General Office for the purpose of transacting the following: 1. School disciplinary matters.

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

Along the Way with Annie Mae

Sure hope everyone is dried out after the soaking we got on Monday. Brrr - fall is on its way.

The Illinois Municipal League held their convention this past week-end at the Conrad Hilton in Chicago. Many Trustees and Village Officials attended.

Frank Kuechenmeister and Gerry Erhardt will be attending the Illinois Fire Convention in Crete Illinois on September 21, 22 and 23.

Mike and Sue Haley flew to San Fransico for a weeks vacation to visit relatives. Glad to see you got a few days of well deserved holiday - a busy busy man.

Ed and Evelyn Frazier spent several days driving around Door County enjoying the scenery. A lovely place to be this time of year.

Mrs. Ellen Flint who has completed 35 years of service at Pickard China received a watch to commemorate the occasion.

Mr. Ernest Ryder, 83 years young and still working at the Argyle Kennels in Antioch spent a weeks vacation in Wilfall Montana with his daughter, Mrs. Ruby Holmquist. Ernie came to Antioch in 1929 from Wilfall and has not been back since. They spent a week at a Dude Ranch out there riding horses and taking cattle to the range. It was kind of fun to see the old Ryder ranch again. The grainery and the out house were the only two original buildings left standing.

Hear tell Earline and Dick Weiss had a super time in Las Vegas. Daughter Dale didn't think she'd ever get them off - seems they were back twice for forgotten items. Saw Dick running around with one eye open Friday. After a vacation like that you have to come home and sleep for the week-end.

Talked to John Horan who is as spunky as ever. That broken arm hasn't slowed him down one bit. John slipped and fell last Saturday morning while out for his morning stroll. He'll have his arm in a cast for about 5 or 6 weeks and then will be as good as new - so he says!!

Mrs. Laura Swanson celebrated her 75th birthday on Sunday, September 9 with friends at the home of Clarence and Barbara Kufalk. Happy birthday Laura, may you have many more!!

The Make-It-Yourself-With-Wool sewing contest is in full swing. Get your entry blanks at Erickson's Sewing Center. The deadline is October 13. Be sure to listen to the WKRS Luncheon Show this Thursday at 1 p.m.

OOPS! I mentioned that the VIP Dance was coming up - I meant the Thanksgiving Dinner Dance, Sorry.

Birthday wishes this week go to Vi Johantgen of Vi's Yellowbird who will celebrate next Sunday. Many happy's also to Linda Kasik, Peg Harrison, and Loretta Mansbridge on the 20th, Paul Pape on the 21st and Jean

Madsen and Natalie Burdick on the 23rd.

Celebrating their anniversaries this week are Marie and Tony Grigonis, Ray and Elizabeth Jenssen and Katie and George Bartlett on the 20th and Joan and Ray Toft and Mr. and Mrs. Frank Muller on the 23rd. Congrats everybody!!

Ron Polson was honored by the Moose last Saturday evening when he was given the Pilgrim Degree of Merit. This is the highest degree attainable in the Moose on a local level. The Antioch Moose has been in existence for 24 years now and this is their first Pilgrim. Ron has been a member of the organization for the past 21

years and has been very active in the group. Deputy Pilgrim Governor, Lou Coakes from Aurora was Master of Ceremonies for the evening and presented Ron with his black and gold robe. Congratulations Ron, that's quite an honor.

Don't forget the Antioch Rescue Squad Golf Outing and Dinner today at the Antioch Country Club. Sure hope the weather behaves itself guys.

Friday night the Fighting Sequoits take on the Warren Blue Devils at Gurnee. Sophs at 6:00 p.m. and Varsity at 8:00 p.m. Come on out and cheer them on.

See ya
Annie Mae

The Case of the Missing Bumper

The elderly Antioch woman drove into a service station one day last week and requested assistance.

"The tail lights on my car don't seem to be working," she said. "Could you please check and see what the problem is?"

Dutifully, the attendant walked around the back of the car, taking out a screwdriver as he went. He stopped short.

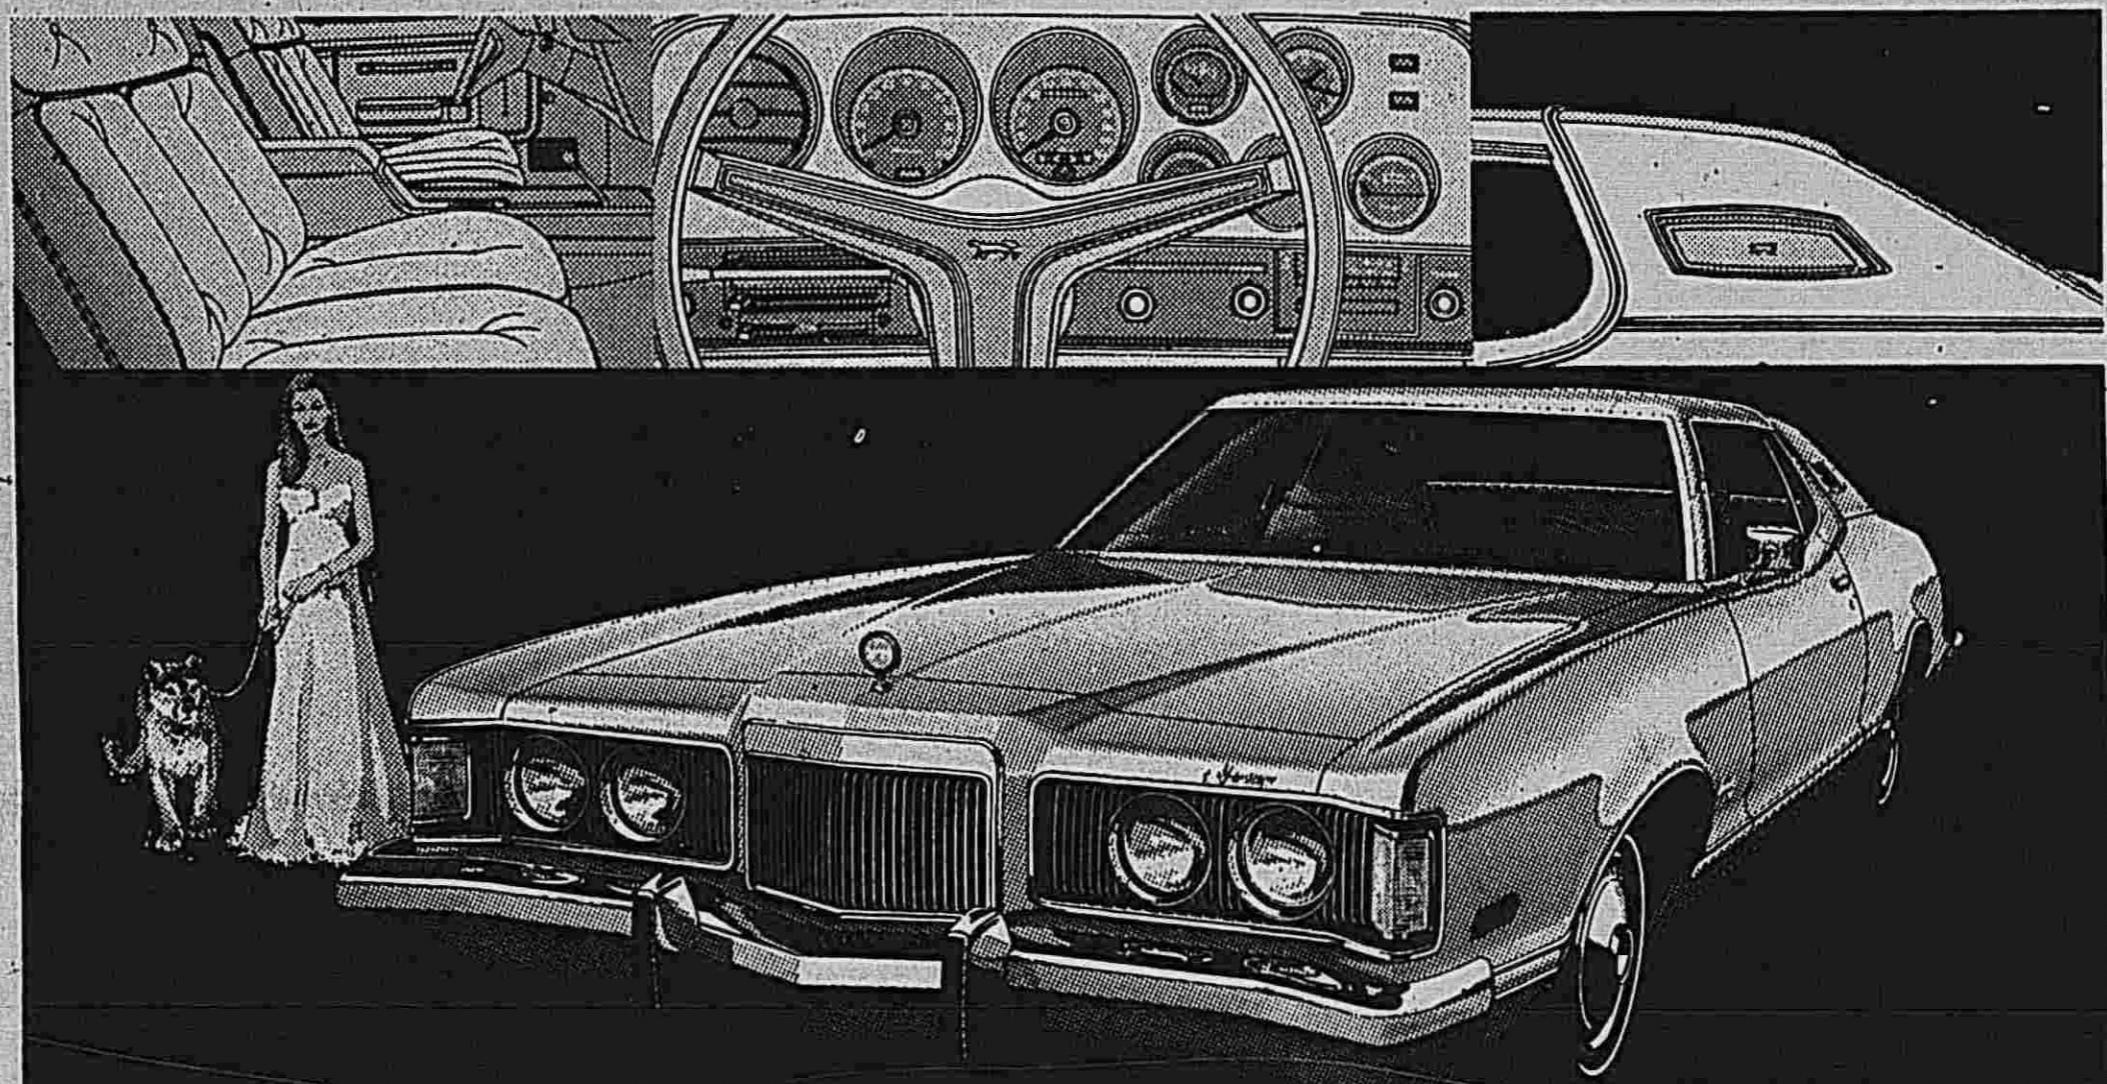

"Hey, lady," he yelled, "You got a problem here. How long has your bumper been missing?"

The car door flew open. In a flash -- or as fast as any 69-year-old lady can move -- she was looking at the rear end of her car. "Oh, my goodness," she gasped!

Thus it was that this woman, who shall remain anonymous, discovered that sometime between Sunday evening and Tuesday morning thieves had made off with the rear bumper of her car -- complete with lights and license plate.

All that she, or the police department, knows is that the car was parked in the driveway at her home on Main Street and that, on returning to the scene of the crime, a ratchet and socket were found nearby.

Meanwhile, if anyone has found a spare automobile bumper -- 1973 Illinois license No. KP 1282 -- contact the Antioch Police Department. Rear bumpers only, please.

Cougar XR-7 In size, this new breed of Cougar is like Grand Prix and Monte Carlo. In every other way, it's like nobody else's car. Totally new for '74. New wide buckets, new dash with tachometer and hooded gauges mounted in deeply padded vinyl. Distinctive new Landau roof. Elegant opera window. Steel-belted radials. All standard.

FRIDAY IS THE DAY OF THE CAT

SEE ALL THE NEW 74'S AT YOUR MERCURY DEALER

Marquis Brougham

Today a great ride is just not enough. So we designed the '74 Marquis to be more economical to maintain. Gave it steel-belted radials, standard. And Marquis does not require premium gas.

Montego MX Brougham

This personal-size Mercury is designed to ride like a big car. On an extra-wide stance and the same type suspension system as Lincoln-Mercury's most expensive luxury car. But with the economy of a mid-size car.

Comet with Custom Option

Who says gas economy comes only in plain little cars? Even though Comet's stingy on gas, it's generous on luxury. Because this Comet's got a little Cougar in it. Now you don't have to give up luxury to get gas economy.

Not shown: Mercury Monterey, the medium-priced car with the famous Mercury ride.

See the whole new family of wagons, too. The kind only Mercury could build.

It all happens "The Day of the Cat."

Optional equipment shown: Marquis Brougham--WSW tires, wheel covers; Montego MX Brougham--vinyl roof, WSW tires, wheel covers; Cougar--WSW tires, radio, stereo tape, air conditioner.

TENT IS SETTING FOR KARL BERNING NITE

Septemberfest, an annual event in Munich, Germany, since 1810 has been brought to Lake County by friends of 32nd District Senator Karl Berning and since its inception has been one of the most awaited events in Lake County Republican circles.

This will be an event honoring Karl Berning held at Hans' Bavarian Lodge in Wheeling, from 7:00 p.m. till 10:00 p.m., on Friday, September 28, 'neath a huge tent capable of holding 1,500 people.

Free beer, bratwurst, knockwurst, sauerkraut, entertainment and dancing to a 15 piece Bavarian band are all included in the low price of \$12.50 admission.

"Karl Berning Night" is being planned by the Illinois Senator's friends and backers in recognition of the work he has done in his seven years in the State Legislature representing the 32nd District.

"What we plan is an evening of all around activity in which voters and friends can personally meet and become better acquainted with Senator Berning," said Frank Grasso of Lake Zurich, Chairman of the event.

Among some of the notable guests will be Congressman Philip Crane and Congressman Robert McClory.

Tickets may be obtained at the tent, by contacting Grasso, Paul Cast of Deerfield or John LeBolt of Highland Park.

GRASS LAKE SCHOOL NEWS

At the September Board of Education meeting, Superintendent William Hart distributed the revised copies of the Board Policies to the board. The updating of these policies was accomplished by committee work of Mrs. Patricia Fier and Miss Kathleen Pope of the teaching staff and Mrs. Mary Beth Walsh, Mrs. Marilyn Haling and Mrs. Lorraine Cerk, members of the Board of Education. Mrs. Haling, whose term expired in April, was replaced on the committee by Mrs. Walsh.

Mr. Hart also reported on the entrance and parking lot which has been completed. A fence in front of the old school building will be erected along Grass Lake Road for safety of the children using the playground facilities.

Resolutions for establishment of the Working Cash, Life Safety Code, and Special Education funds were presented and approved. The annual levy was presented and approved along with the 1973-74 budget.

The board again is letting various groups and organizations use the school facilities on a scheduled basis. It was suggested that each organization notify the school office so that arrangements may be made to use the building.

The annual report for recognition and supervision was presented and approved for the coming year. Superintendent Hart noted that Grass Lake will be evaluated this year during the month of October.

Hart submitted and discussed the annual school district audit which was recently completed. A very favorable report was issued on the school records and record keeping.

A great deal of discussion centered on the enrollment increases experienced at various grades including the Kindergarten class. A special board meeting has been called on Monday, September 17th at 7:00 p.m. to discuss the feasibility of relocatable classrooms. Action was taken by the board to consider fund increases in the Education Fund and the Operations, Building and Maintenance Fund.

Contracts for Miss Nannette

Borzevski to teach part time vocal music and Mrs. Patricia Caviness to teach a section of 4th grade were approved by the board.

Workmen hasten to convert the former First National Bank building in downtown Antioch into a restaurant. A spokesman for the contractor said that it is hoped to have The Vault restaurant ready for opening by early November. (Staff Photo)

A.A.R.P. BUS TRIP PLANNED

Mr. William Wild, program chairman and Mrs. Violet Feldmann, asst. program chairman of the Antioch Chapter No. 387 of the American Association of Retired People have planned a bus tour thru Carthage College Campus in Kenosha on Tuesday, September 25th. The group will view Civil War exhibits and other points of interest. Lunch will be served at the college dining room.

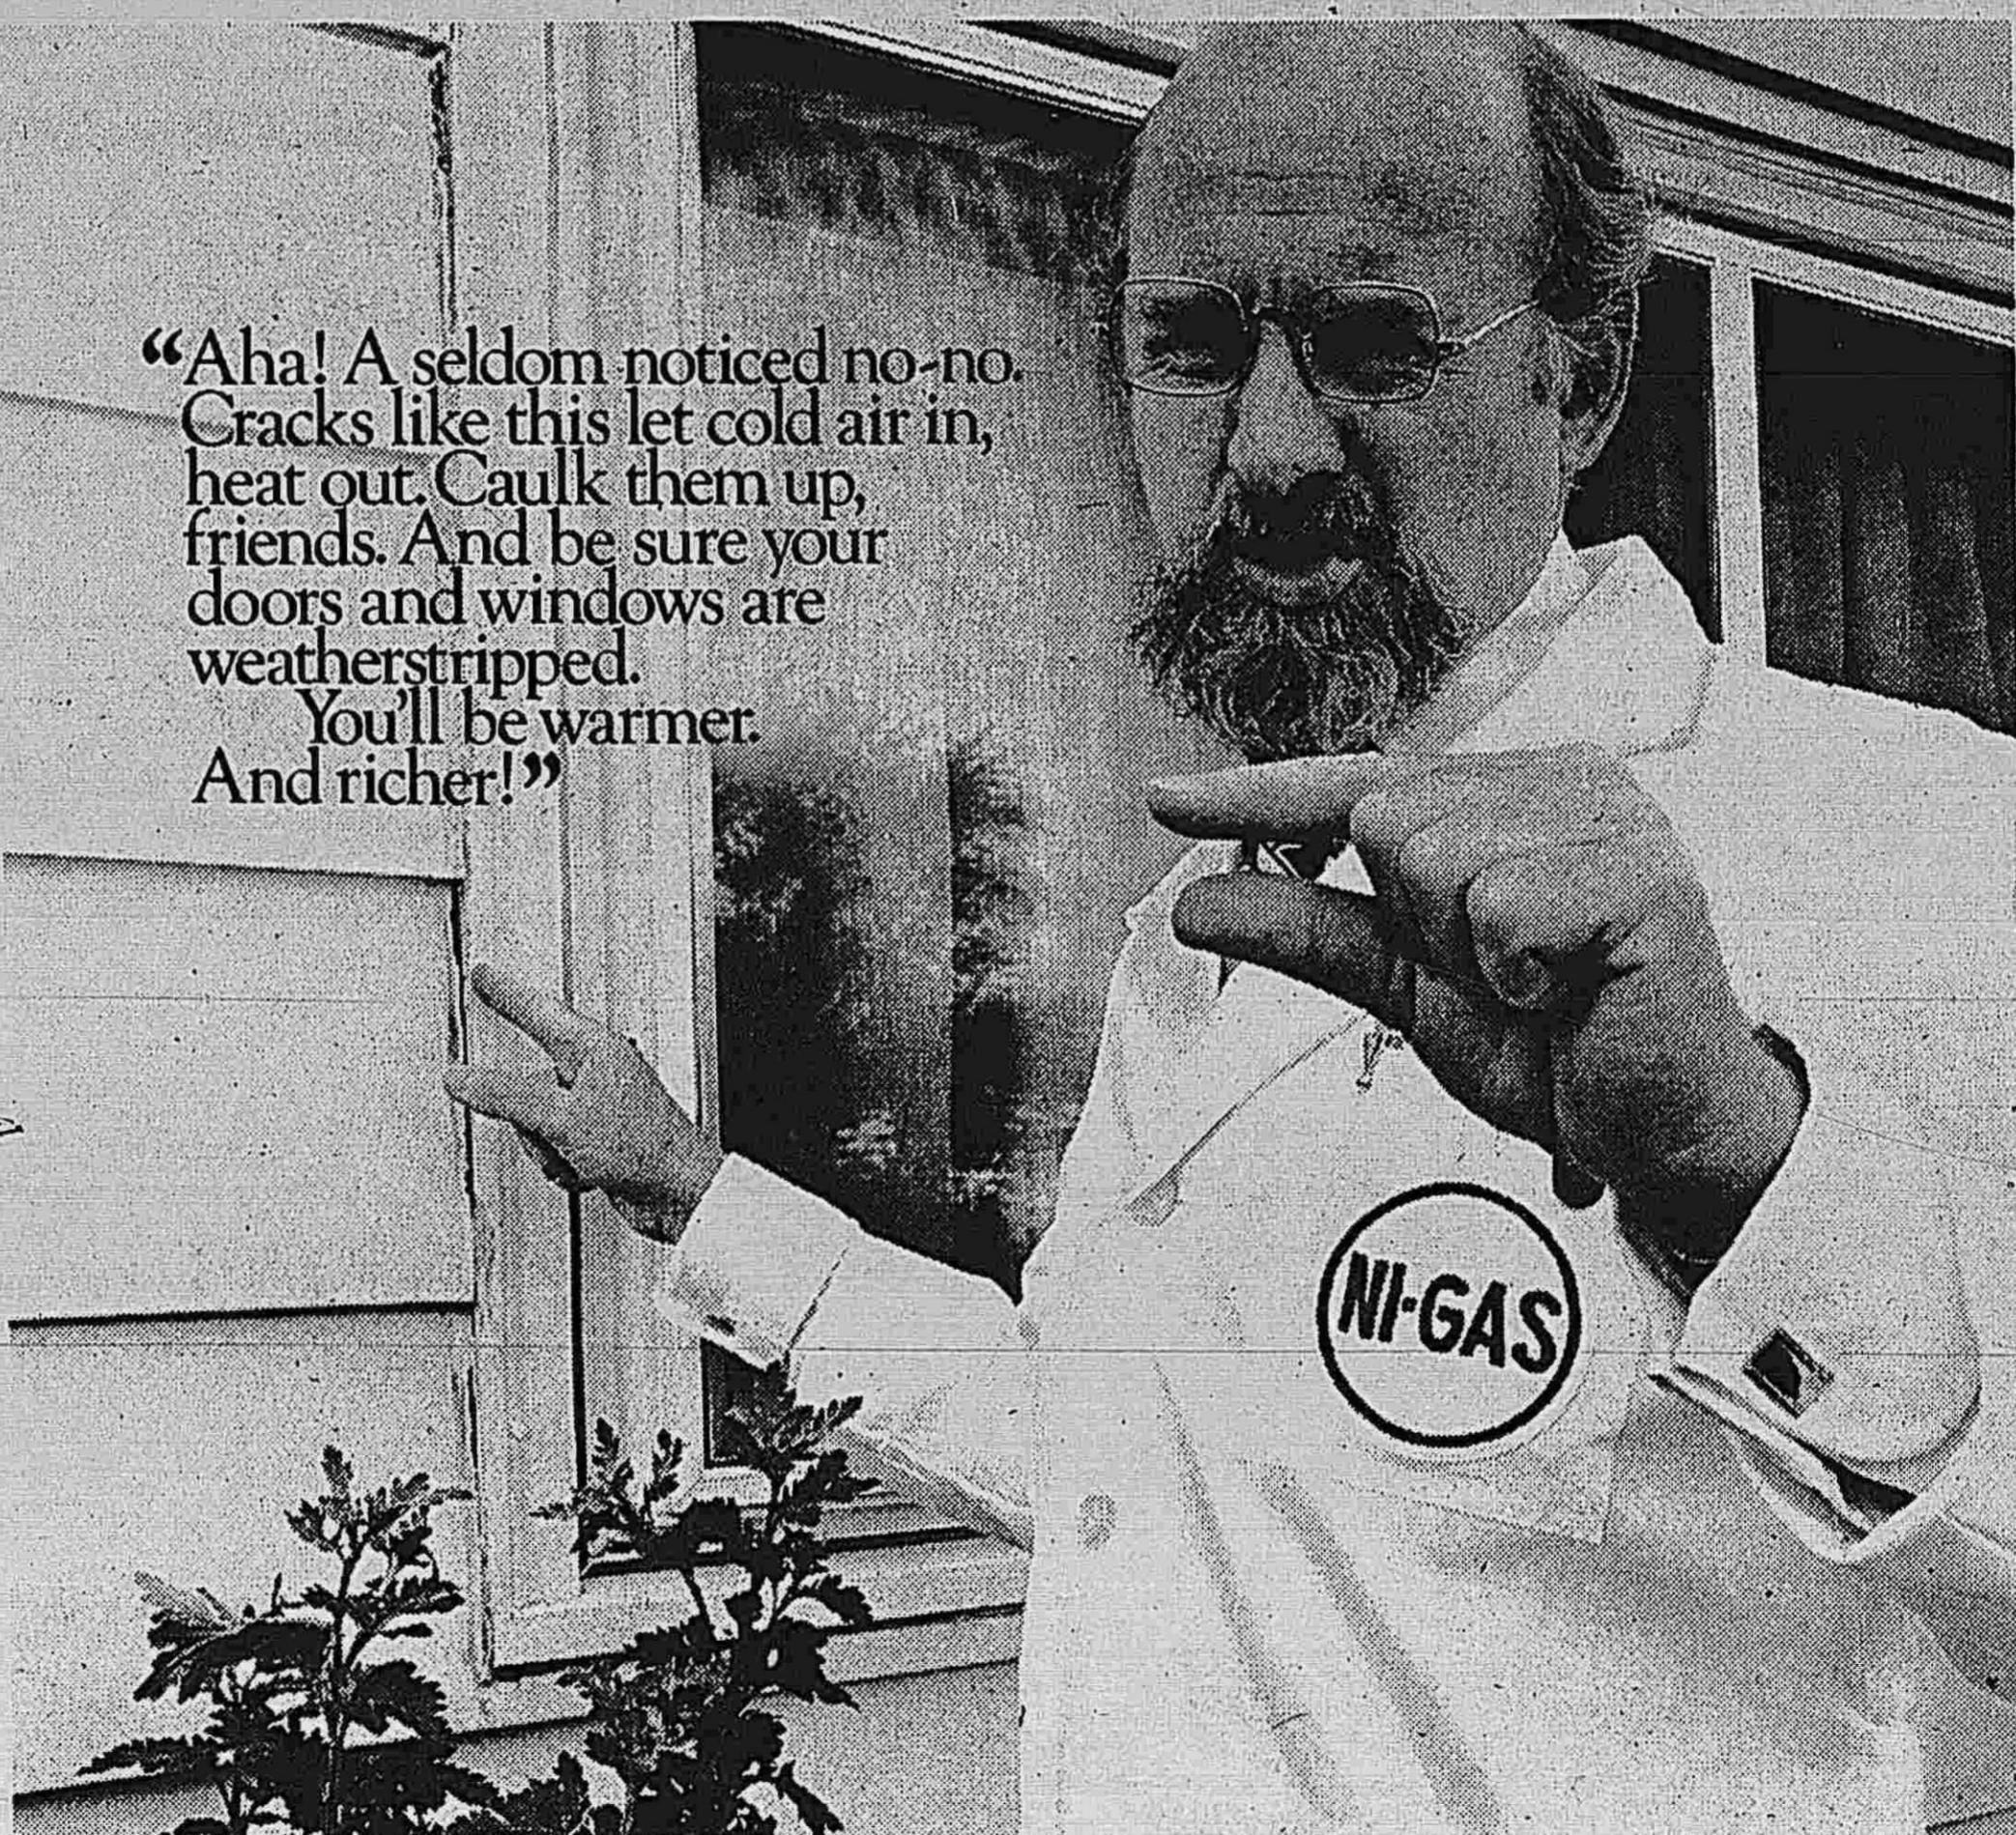

After lunch the group will continue on to American Motors and Kenosha Museum where they will view the exhibits and also some films and slides.

The bus leaves from the Methodist Church parking lot at 9:30 a.m. Reservations for the bus have been completely filled.

There will be no business meeting scheduled for this day.

The next business meeting will be on Tuesday, October 9 at 12:30 p.m. at the Methodist Church.

Dr. No-No's helpful hints on how to save natural gas & money:

"Aha! A seldom noticed no-no. Cracks like this let cold air in, heat out. Caulk them up, friends. And be sure your doors and windows are weatherstripped.

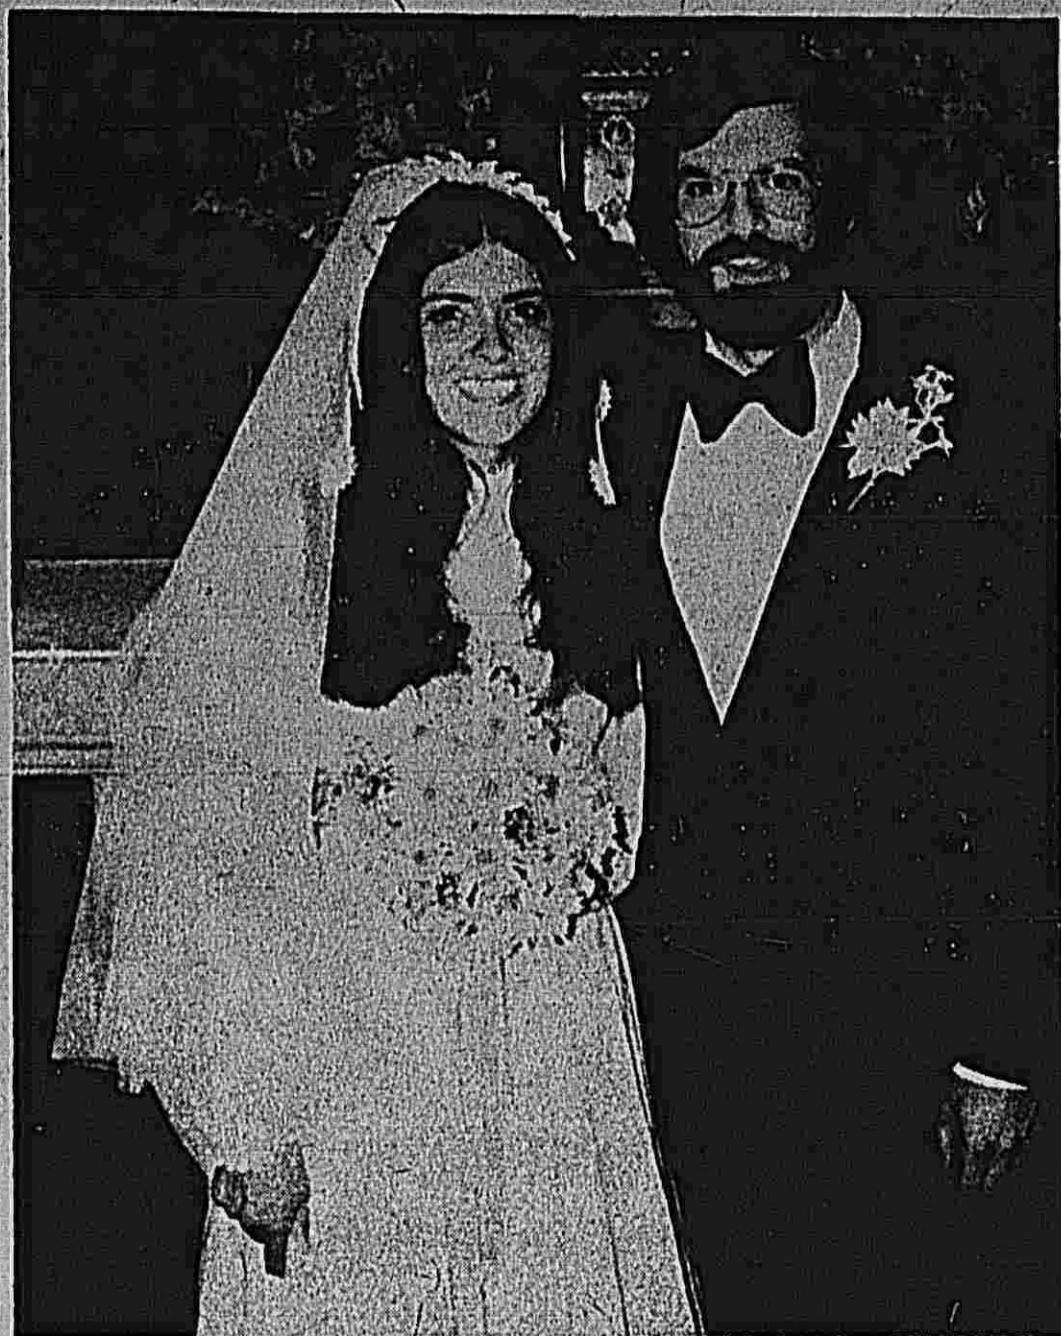

You'll be warmer.
And richer!"

Check your door and window frames before every heating season. Replace caulk that's cracked or missing outside. And replace weatherstripping that's worn or missing inside. Get materials and instructions from your hardware dealer. And get a pleasant surprise on your gas bill.

"Close those cracks and give yourself a break on heating costs."

Northern Illinois Gas Company

CHRISTINE HUNT MARRIES

The newly married Mr. and Mrs. Michael Borger will make their home in Stow, Ohio, while the bridegroom attends the University of Akron.

The former Christine Ann Hunt and her bridegroom exchanged nuptial vows at St. Peter's Catholic Church in Antioch. The double ring ceremony was performed by Father Francis Johnson.

The bride is the daughter of Mr. and Mrs. Robert M. Hunt of Antioch, and Michael is the son of Mr. and Mrs. Donald Borger of Stow, Ohio.

The bride wore a gown of white eyelet with bouffant puffed sleeves and elbow length cuffs and carried a bouquet of daisies, roses, and baby's

breath.

Her sister, Elizabeth Hunt, was the Maid of Honor. Debbie Hunt, another sister, Gigi Spittle, and Eileen Schoessling were the bridesmaids.

Bertil Vinnars from Sweden was the Best Man. Bob Hunt Jr., brother of the bride, Bill Bray, and Rich Andresak were the ushers.

After a reception at the Holiday Inn in Kenosha, Wisconsin, the newlyweds left for a honeymoon in the Virgin Islands.

Mrs. Borger, who works in Ohio, is a graduate of Barat College in Lake Forest, and her husband is a pre-med student at the University of Akron and works as a musician.

REPUBLICANS PRESENT ELLAPHANT AWARD TO SUSY MESKER

The Antioch Township Republican Club will present this year's ELLAPHANT AWARD at their 1973 Annual Golf Outing and Dinner to be held on Wednesday, September 26.

Tee-off time is 9 a.m. and dinner starts at 7 p.m. Mr. William E. Brook, president of

the State Bank of Antioch, will be Master of Ceremonies for the evening. Susy Mesker is this year's winner of the ELLAPHANT AWARD.

For ticket information contact Ray Schrieber, 395-5461 or Randall Trunk, 395-3048.

ICE CREAM SOCIAL AT EMMONS

Emmons Grade School gets into the social swing this year with their annual Ice Cream Social on September 21st. This year they've added an extra touch to the festivities with a circus theme.

Anyone with a "sweet tooth" is most welcome to join in the fun at the school. Tickets may be purchased for 40 cents entitling the buyer to homemade bakery, ice cream and a beverage.

PM&L PREPARES FOR AWARDS BANQUET

Palette, Masque, and Lyre is beginning the busy year of Lucky Season 13. To lead the activities is newly appointed president Don Beveroth who has been active on the PM&L Board for many years. Don teaches English at A.C.H.S., resides in Paddock Lake, Wis., and has been in or directed a majority of PM&L plays.

Members remaining on the board are Ken Smouse, vice president; Aileen Biel, Secretary; Bill Serhon, treasurer; and directors Joanne Springer, Earl Kramer, Kathryn Hausman, Joe Hunley, and Hank Apostol who served as president the past two years. Newly elected board directors are George Blanksten, Lou Jones, Bob Bundy, and Lyn Zaehler.

Preparations are being made for a gala Awards Banquet which will be on Saturday evening, October 6 at 6:30 p.m. at the Village Inn, Twin Lakes, Wis. "Jackie Awards" will be presented; the Joe Hunley's will present their annual "Mr. Thespis Award", and a program of "Highlights of Season 12" will be enjoyed. Season ticket holders, PM&L members and those active with PM&L this year have received

invitations. Anyone else who is interested in coming is cordially invited. Just send a check for \$6.50 per person to PM&L, Box 23, Antioch, Ill. 60002 by September 29.

The biggest news of the season however, is the great line-up of shows which is sure to please everyone. The Solid Gold Cadillac opens the season on October 20, 26, 27, and November 2 and 3. This favorite 3 act comedy is directed by Lou Jones. Lady Audley's Secret, a musical-comedy melodrama directed by Ken Smouse will be presented February 9, 15, 16, 22, and 23. Don Beveroth directs a special evening of one acts. Trio, on April 20, 26, 27, and May 3 and 4. On June 22, 28, 29, and July 5 and 6 Ken Smouse will direct the beautiful musical, The Sound of Music.

Season tickets are now on sale for \$8.00 which is considerable savings over the box office price—actually 4 shows for the price of 3. Order now because after October 15 the price goes up to \$9.00. Send a check to PM&L, Box 23, Antioch with your name, address, and phone number. Tickets will be mailed to you the early part of October.

REGISTER YOUNGSTERS NOW FOR BOWLING

This is the last week to register for the Children's Bowling Program held at the Antioch Bowl every Saturday morning. Bowling is open to any

child between the ages of 8-18. Bowling begins on September 22nd. Everyone must be pre-registered.

ANGELA WITTBRODT ENGAGED

Mr. and Mrs. Gerald Wittbrodt of Lake Villa are happy to announce the engagement of their daughter, Angela Marie to Richard Klean, son of Mr. and Mrs. Richard Klean of Antioch.

A late June wedding is planned.

92 YEAR OLD AUNT OF MRS. PETTY DIES

The September 12, 1973 death of 92 year old Mrs. George Ewin of Villa Grove, Illinois was indeed sad news to Dr. and Mrs. W.C. Petty. Born on the family farm in Douglas County on May 13, 1881, Aunt Susie (as she was known) lived there all her life until July 4 of this year when she went into the hospital. She was the last of a family of 5.

A beloved and very close aunt of Lillie Petty, Mrs. Ewin visited Antioch occasionally and was here for a week to help celebrate the 60th wedding anniversary of the Petty's which was on June 3, 1973.

She was a member of the United Methodist Church in Villa Grove and was a talented piano player.

The W.C. Petty's attended funeral services in Villa Park this past weekend.

THREE RE-ZONING PETITIONS RECEIVED

Two petitions for re-zoning for multiple-family use and one request for a transitional variance have been submitted to the Village Board. The Board formally received all three at Monday night's meeting and sent them on to the Zoning Board of Appeals for public hearings.

Harold C. and Alice Young, 701 Main, have asked for R-5 zoning for their lot and the property which they own behind their lot, extending from the Village Park north to Charles Court. In discussion before the Planning Commission it was brought out that about 70 to 80 units could be built on the 3.8 acres, if re-zoning is granted.

After considerable discussion of the request, the Planning Commission voted to recommend to the Village Board that they deny the petition at this time for the following reasons:

The planner is just beginning work on a comprehensive

plan for the Village, and cannot give an accurate recommendation at this point on this piece of property.

The proposal does not provide for adequate access to the property.

The creation of yet another access point onto State-Route 83 (Main Street) between First Street and Williams could create a traffic hazard.

Edward Abberholden is seeking R-5 zoning for six lots which he owns on the north side of Buena Terrace across from the Colonial Apartments. Re-zoning would allow about 20 units on the land, which is just under one acre in size. The Planning Commission turned this request over to Bruce Christianson, the professional planner from the Harland Bartholomew firm, for study before making any recommendation to the Village Board.

James T. Rix has filed a petition for a zoning variance for

the time is coming to get rid of all that unnecessary junk you've been accumulating all year long. By official proclamation, the Village Board has set the second week of October at Fall Clean-Up Week.

Village crews will begin picking up anything (within reason, we presume) set out

the lot at 704 Main St. He asks that the lot depth requirement be waived for "transitional use," to be used as a dentist's office on a limited basis. A public hearing has already been scheduled by the Zoning Board of Appeals concerning this request. The hearing will take place on October 9th.

Hearings will be scheduled for the other two re-zoning petitions, after which recommendations will be forwarded to the Village Board for appropriate action.

along the street, as of Monday, October 8.

"The 8th is actually Columbus Day," Superintendent of Public Works Tod Maplethorpe admitted, "but we don't celebrate that anyway. It'll just be another workday as far as the Village crews are concerned."

"We'll start picking up on the 8th," he continued, "and work all through the week and the following Monday, the 15th. We'll just keep going until it's all picked up."

Also at Monday's meeting, the Village Board agreed to pay eighty percent of the \$88,926 owed to the Gluth Bros. Construction Co. for work done on the Main Street Storm Sewer project.

The remaining \$1,900 was paid to the Lake County Planning Commission for work done toward a comprehensive plan for the Village. On the same matter, a contract was approved with Harland, Bartholomew and Associates, for the sum of \$20,000, to continue and complete the comprehen-

sive plan.

An expenditure of \$3,485 was authorized for the purchase of 10 monitors and a radio for the Fire Department. The money will come from Village Revenue sharing funds. The Fire Department will match this sum to buy an additional 10 units.

A permit application from Regal China Co. for construction of a 1,000 sq. ft., \$57,000, 31-fixture washroom facility was delayed, while engineers from the Village and the company resolve a long-standing problem on storm water retention.

"This proposed facility is a step in the right direction," Building Inspector Walt DeLaney reported. "It's an area where we've had a lot of problems. I just want it to be a matter of record that we're still concerned about the storm water retention."

"I think we should delay this thing to tell Regal they should speed things up," Trustee Bill Seemann added.

TRAVELING WITH TAFFY

I left O'Hare Monday, September 3rd with my suitcase in my hand and tears in my eyes. I must admit I had a few reservations as I watched my family waving goodbye. I felt anxious, excited...and alone. Arrived in Los Angeles approximately four hours later. Besides getting lost a few times, being a bit embarrassed when the porter asked me to tip him, and almost getting in an accident with a taxi driver—I was great!

At the hotel in LA I met about fifteen other students who were from World Campus Afloat. They were from varied sections of the U.S. That evening we met to share our anxieties. We were fascinated with one another and extremely interested in what the other had to say.

The next day we jammed 8 people plus luggage into each rented car and headed for the

pier in Wilmington. By now, we were all getting a bit nervous and excited. We had some difficulty carrying our luggage but when we finally did reach the ship, we were in awe. We just stood there staring amazed at the size and beauty of our new school and home.

I then proceeded to the usual block-long line that registration at any school has. Finally, I was permitted to board ship.

By inspection I found that the S.S. UNIVERSE CAMPUS is nine-stories high. My room is on one of the lower decks. Our rooms are extremely small. I explored on and found the sun

deck, volleyball court, solarium, library, swimming pool, student union, bookstore, gift shop, bar, beauty salon, theatre and laundry. I listed these things to help you to imagine the size and self-sufficiency of World Campus Afloat. It's fascinating.

After about five hours, I finally met my roommate, Cathy. She's a certified masseuse and even brought her massage table on board the ship, although it has been misplaced for the time being. Before this, I had never even known what a masseuse was so I was very interested to hear about it.

Well, we left as scheduled. There were people lined as far as you could see on the pier waving to us. Here we were, all strangers but we certainly must have had the same feeling as we left Los Angeles. By the way, the LA Police Department boat escorted us and gave us a traditional salute by shooting water with colored lights and circling in front of us. It was really beautiful.

About a half an hour after we left, the barriers began to break

CITES NUCLEAR SAFETY

In a handbook for the layman on nuclear power plants, Dennis L. Meredith of the University of Rhode Island points out that no worker in a commercial nuclear power plant and no member of the public has ever been injured or endangered by a nuclear plant operation. He adds that nuclear-powered submarines have logged millions of miles without a nuclear accident and that commercial power plants are engineered super-conservatively—that is, to prevent or contain even the worst possible accident.

and soon everyone began introducing themselves. There are so many friendly people here from all over the U.S. that it's just fascinating. It was hard at first, but it didn't take long. A smile breaks slowly to become the universal greeting. Cultural differences are broken and new friendships are born.

Our voyage has begun and along with it, so has our love story with life.

First stop, Honolulu-----

See You Then

IMMUNIZATION CLINIC IN KENOSHA COUNTY

Physicians from the State Division of Health urge all parents to have their children completely immunized before they enter school at the age of 5 years or 6 years.

Children in good health, 3 months of age to 18 years of age, residents of Kenosha County rural area, may be taken to any one of the Clinic Centers.

An Immunization clinic will be held once a month in Kenosha County, rural area on a Wednesday from 1:30 p.m. to 3:00 p.m. throughout the year.

The first of a series of three (3) clinics which will be held at the Salem Consolidated School - Primary Building on Wednesday, September 26th from 1:30 p.m. to 3:00 p.m. Then again on Wednesday, November 14th and January 9th, 1974.

Children who are in need of their original immunizations (infants 3 months of age and older children) may start this series on September 26th; or complete a series begun at an earlier clinic this year.

Nancy Bottenfield became the bride of Doug Runyard last Saturday at 4 p.m. at Our Lady of Humility Church in Zion, Illinois. Attending Nancy were Vicki Sershon as matron of honor and Terry and Dianne Runyard as bridesmaids. Best man was Tom Runyard with groomsmen duties filled by Pat Runyard and Dave Dupre. Usher was John Sershon with Jackie Bjork as flower girl and Rhett Bottenfield ringbearer. The Mass was sung by Pat Runyard and Marlene Wells accompanied by Judy Vendl at the organ and Dean Vendl on the guitar. A reception followed at the Lindenhurst Civic Center with approximately 300 relatives and guests attending. The newlyweds are honeymooning in northern Wisconsin and will be making their home in Channel Lake.

Les and Pat Sperling held a small family reunion on Sunday, September 9th when Pat's sister and husband, Mr. and Mrs. Orville Lawson of Phoenix Arizona were here to visit. Relatives joining the Sperlings and the Lawson's were Pat's parents Mr. and Mrs. K. McNaughton, Mr. and Mrs. Klinesmith and children, Mr. and Mrs. Dan Lubkeman and daughter, and the Sperlings children Mr. and Mrs. Harry Sperling and children and Mr. and Mrs. Roger Murphy with their brand new seven week old son, Scott.

Les took his brother-in-law out fishing the night before and caught 12 stripers which gave them a lot to talk about at the reunion. Oh those fish stories!!

A Court of Honor was held at the Methodist Church in Antioch for the Boy Scouts of Troop 91. Dennis Groth received his Tenderfoot badge, Mike Polsgrove, Second Class and Dick Whitton, Life Scout rank.

Merit badges went to Paul Maplethorpe, Bill Harland, Mike Polsgrove, Mike Groth, Dennis Groth, Ron Gossman, Ken Golonka, Dick Whitton, Jeff Gutowski, Pat Houghton, Darrin Houghton and Mike Harland.

Most of these boys earned

their badges while spending two weeks at Camp Ma-Ka-Ja-Wan boy Scout camp this past summer.

Dick Harland retired as Scout Master of Troop 91 after many years of service and was presented a red down-filled jacket by the troop. Dick will be greatly missed as he has helped boys too numerous to mention. Good luck, Dick and thank you for all the time you've spent away from your own family to help our son's grow up a little better, because of your fine influence on them.

Channel Lake school was vandalized again this past week-end when a window was broken on the north side of the building. It seems something happens every week-end.

Let me know the news.
Louise

Denise Golonka, a junior at Antioch Community High School, will be heading for Acapulco, Mexico, early next year, the recipient of an all-expense-paid, 8-day trip for two to the resort city.

The Dog and Suds Restaurants of the U.S. and Canada offered the trip as the first prize in a recent root beer selling contest for their waitresses. Denise, an employee of the new Antioch Dog and Suds, sold 110 gallons of root beer in a two-week period, to represent the local restaurant in the international contest. Her name was then drawn from among

The Lake County Life Underwriters installed their officers for the coming year in proper fashion on Friday night, September 14, 1973 at the Swedish Glee Club in Waukegan.

Following the famous Swedish Glee Club Smorgasbord, awards were presented in the form of beautiful plaques. Certificates of appreciation were given to the Lake County News media. Receiving these awards were Mr. Frank Falduo from WZBN, Mr. Fritz Sorenson from WKRS, Mr. Chris Brenner accepting for Lakeland Publishers, Mrs. Bernice Just from the News-Sun

those of the winners from about 120 participating restaurants.

Denise plans to take her 80-year-old grandmother with her, if the doctor gives his approval. When they leave Antioch on February 4th, they will go first to Jackson, Mississippi, where Denise will be a featured guest at the national Dog and Suds managers' convention. From there, they will fly on to Acapulco.

The contest times well with the Grand Opening festivities at the Antioch Dog and Suds, planned for this weekend. Owners of the new restaurant on Route 173, Dave and Carol Remch, have arranged for Rover the Dog to be in Antioch Saturday, September 22, from 11 a.m. to 6 p.m. In addition, there will be free orchids for the ladies, and free suckers, balloons and decals for the kids.

Dave and Carol are Loon Lake residents. Though the young couple has only lived in the area for two years, they were both frequent area visitors for about 15 years, as their parents had separate cottages on Loon Lake. From these leisure visits came Dave and Carol's meeting, their marriage, and now their new business.

HUMANITY AND ARTS FOR Newcomers

The September 15 Sweet and Sour Sale held by the Antioch Welcome Wagon Newcomers Club was a success. Preserves, pickled tidbits, homemade bread, cakes, cookies, candies and fresh garden vegetables were quickly bought by Antioch's residents making it possible for the Newcomers to donate \$50.00 to the Rescue Squad.

The next September date to be noted is Tuesday, the 25th. On that date at 9:30 a.m. Betty Baker will start a decoupage class at her home. The following materials should be brought: (1) a sanded and stained plain or decoupage board; (2) a print or picture from a magazine; (3) sealer-and-varnish-of-the-same brand; (4) white craft glue; (5) a manicure or decoupage scissor; (6) a one inch wide nylon or soft brush; (7) 400 wet or dry sand paper; (8) a decoupage or sanding block and (9) .0000 steel wool or

Lake County Life Underwriters install new officers

and Mr. Joseph Rush for the Antioch News.

James J. Walsh, of Lakeview Terrace, Lake Antioch, is the recipient of the 1973 August Helle Award, given by the Lake

County Life Underwriters Association to honor community and industry service.

Walsh, the district sales

manager for the Metropolitan Life office in Waukegan, is the immediate past president of the Association.

A life-long Antioch resident, he has been with Metropolitan Life in Waukegan for 18 years.

He and his wife, Vi, have four children, ranging in age from 23 to 12.

Mr. Melvin Hubbard, Regional Vice President of Illinois Life Underwriters introduced and installed the new officers for the year. They are: James Alleman, President; Lawrence E. Zupancic, 1st vice president; John Conarchy, 2nd vice president; and Charles Coburn, Secretary-Treasurer. Board Directors are: Ray Daugherty, Herbert Gorell, J. Kenneth Rosko, Martin Simonian, James Walsh, Donald Willemarck, Robert Wozniak and Joseph Tomei.

Mr. Robert Wozniak of Antioch was MC for the evening. Following the installation, there was dancing for the rest of the evening.

Mother of Twins Club Holds Clothing Exchange

Lake County Mother of Twins Club will hold their annual Clothing Exchange September 20 at the regular meeting at the YMCA in Waukegan.

Mrs. Ludona Zradicka, a member of the club, will give a

talk on astrology.

This organization is for mothers who have had multiple births and is an opportunity to exchange ideas and experiences. If you would like to join us or need more information call 395-0017.

Garden Club holds Card Party

The Antioch Garden Club will hold their annual Card Party, Monday, September 24, at 12:30 p.m. in the First National Bank Bldg., Community Room. Refreshments will be served.

Does your
child
know God?

Growing up is easier when a child can turn confidently to God. When he knows that God loves him and is always present to help him.

In the Christian Science Sunday School, pupils learn to know God as a close friend and helper. They receive teaching based on the Bible that they can use every day. Your children are always welcome.

**Bits from Barb**

By: Barb Olson

This week at Antioch High hasn't been a particularly exciting one. Our football teams were defeated.

With cheerleading try-outs and practices, the Pep Club starting its organization and very promising football practice sessions, it was disappointing to see both our Sophomore and Varsity teams get defeated by Woodstock last Saturday. Woodstock got a 14-6 lead on our Sophomores and managed to maintain it for a victory. Even with the support of many fans the Sophs weren't able to swing it. Our Varsity team had a tough time scoring Saturday. In the first quarter Darrell Channell made Antioch's only touchdown. Although, the Varsity Sequoits managed to hold the Woodstock team down to 7 points. Our next home game is to be in two weeks, and maybe a little more team support would help our Sequoits to a victory. Woodstock 14-6, Sophomores; Woodstock 7-6, Varsity.

The marching band performed its first half-time in two years last Saturday. They showed a lot of potential and the upcoming performances to be even better. The color guard carrying flags, marched along with the band; the whole effect was very nice.

There should be a lot of good photographs of the game because Mr. Chandler and John Rooker, both of the Tom-Tom staff were out taking pictures.

G.A.A. had a general meeting Monday, September 10, for all members, new and old. Later in the week Captains for the various activities were picked and teams were chosen. Hodge podge is to start this Monday.

Color Guard is holding practices and try-outs this week for a new senior girl. There is going to be a lot of girls trying out and it will be hard for the judges to pick out just one.

The senior class voted Monday for their executive board members after having petitions before.

Monday, September 17, there was a meeting for all girls who wanted to participate in interscholastic sports. The sports this meeting covered were bowling, track and gymnastics. Later in the year volleyball and basketball are planned, but they are still uncertain about baseball.

There was to be a baseball game Sunday at the Dugout that Miss Arendt helped arrange. Our school's better girl baseball players were to play another team. However the game was rained out.

Two Cross Country meets this week - Tuesday at Zion and Thursday with Round Lake and Cary Grove. No results yet.

Pep Club has started planning their activities, but as of now nothing is really definite. Two of the new teachers in charge of this year's organization, they

Sequoit Happenings

are: Miss Wietecha and Miss Hebenstreit. So far they have held two meetings.

During the lunch hour at school, there will be music played by some of the audio visual kids. There has been music played in the past couple of years, but this year they have talked about having a "Weather Bunny".

The State Bank has offered a \$50.00 prize for anyone who

comes up with a winning theme for this year's homecoming. So all of you better start thinking hard! Because homecoming is October 20, which is just a month away, and there is a lot to get done with planning, building floats and deciding what band and the type of decorations. So try hard to think of a theme and win the 1st prize of \$50.

HOMETOWN NEWS**BONNIE R. BOBZIEN
SCHOOL OF MEDICINE**

Bonnie R. Bobzien, daughter of Dr. and Mrs. F.L. Bobzien, 525 Winsor Drive, Antioch, Ill., has enrolled in the first-year class at Washington University School of Medicine. She is among 120 accepted from more than 6,000 applicants.

A 1969 graduate of Antioch

Community High School, Miss Bobzien received the B.A. degree in June from the University of Illinois, Urbana.

Upon completion of the required four-year curriculum, she will receive the Doctor of Medicine degree.

NIU CHANGES FROM ENTRANCE EXAM SCORES TO HIGH SCHOOL ACADEMIC ACHIEVEMENT FOR FRESHMEN

The emphasis for determining the makeup of Northern Illinois University's entering freshmen class of 1974 has changed from entrance exam scores to high school academic achievement.

Dr. Daniel Oborn, Director of Admissions at NIU, said, "No, we're not lowering our admissions requirements. It may look as if we have but the simple fact is we haven't."

Admission to NIU was and is still based on a combination of ACT (American College Testing Program) scores and high school class rank. Before is a student with a high class rank, for instance, did poorly on the ACT test, he might not be admitted. Under the new requirements, high school academic performance is the primary factor in admission to NIU.

In May, the Committee on Admission Policies and Academic Standards approved the following changes as compared to the fall 1973 entrance requirements.

Fall 1973 Requirements

high school class rank	ACT Composite minimum score required
66 to 100% tie	19
60 to 65	20
50 to 59	21
45 to 49	22
40 to 44	23
0 to 39	24 or above

Fall 1974 requirements

high school class rank	ACT Composite minimum score required
66 to 100% tie	no minimum required
50 to 65	17
33 to 49	22

Oborn's study showed that a student in the bottom third would not do well at NIU no matter what his ACT score was.

Predicting success of a college student is difficult. Dr. Oborn said, "No one has the prescription for success but we try to predict it based on past experiences and the performance of our current students. It is essential that we update our requirements every two or three years to reflect the changing nature of the student body.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.**Proper insulation can mean a savings for you in winter. And in summer, too.**

The better your insulation, the less heat you lose in winter. Your heating system doesn't have to run as often, or as long, to keep you warm. You save.

Now think about this: the same insulation that helps keep heat inside in winter helps keep it outside in summer. Even if you don't have air conditioning, insulation puts a barrier between you and the heat outside. If you have air conditioning, you'll find it doesn't have to work nearly as hard to keep you cool. You save again.

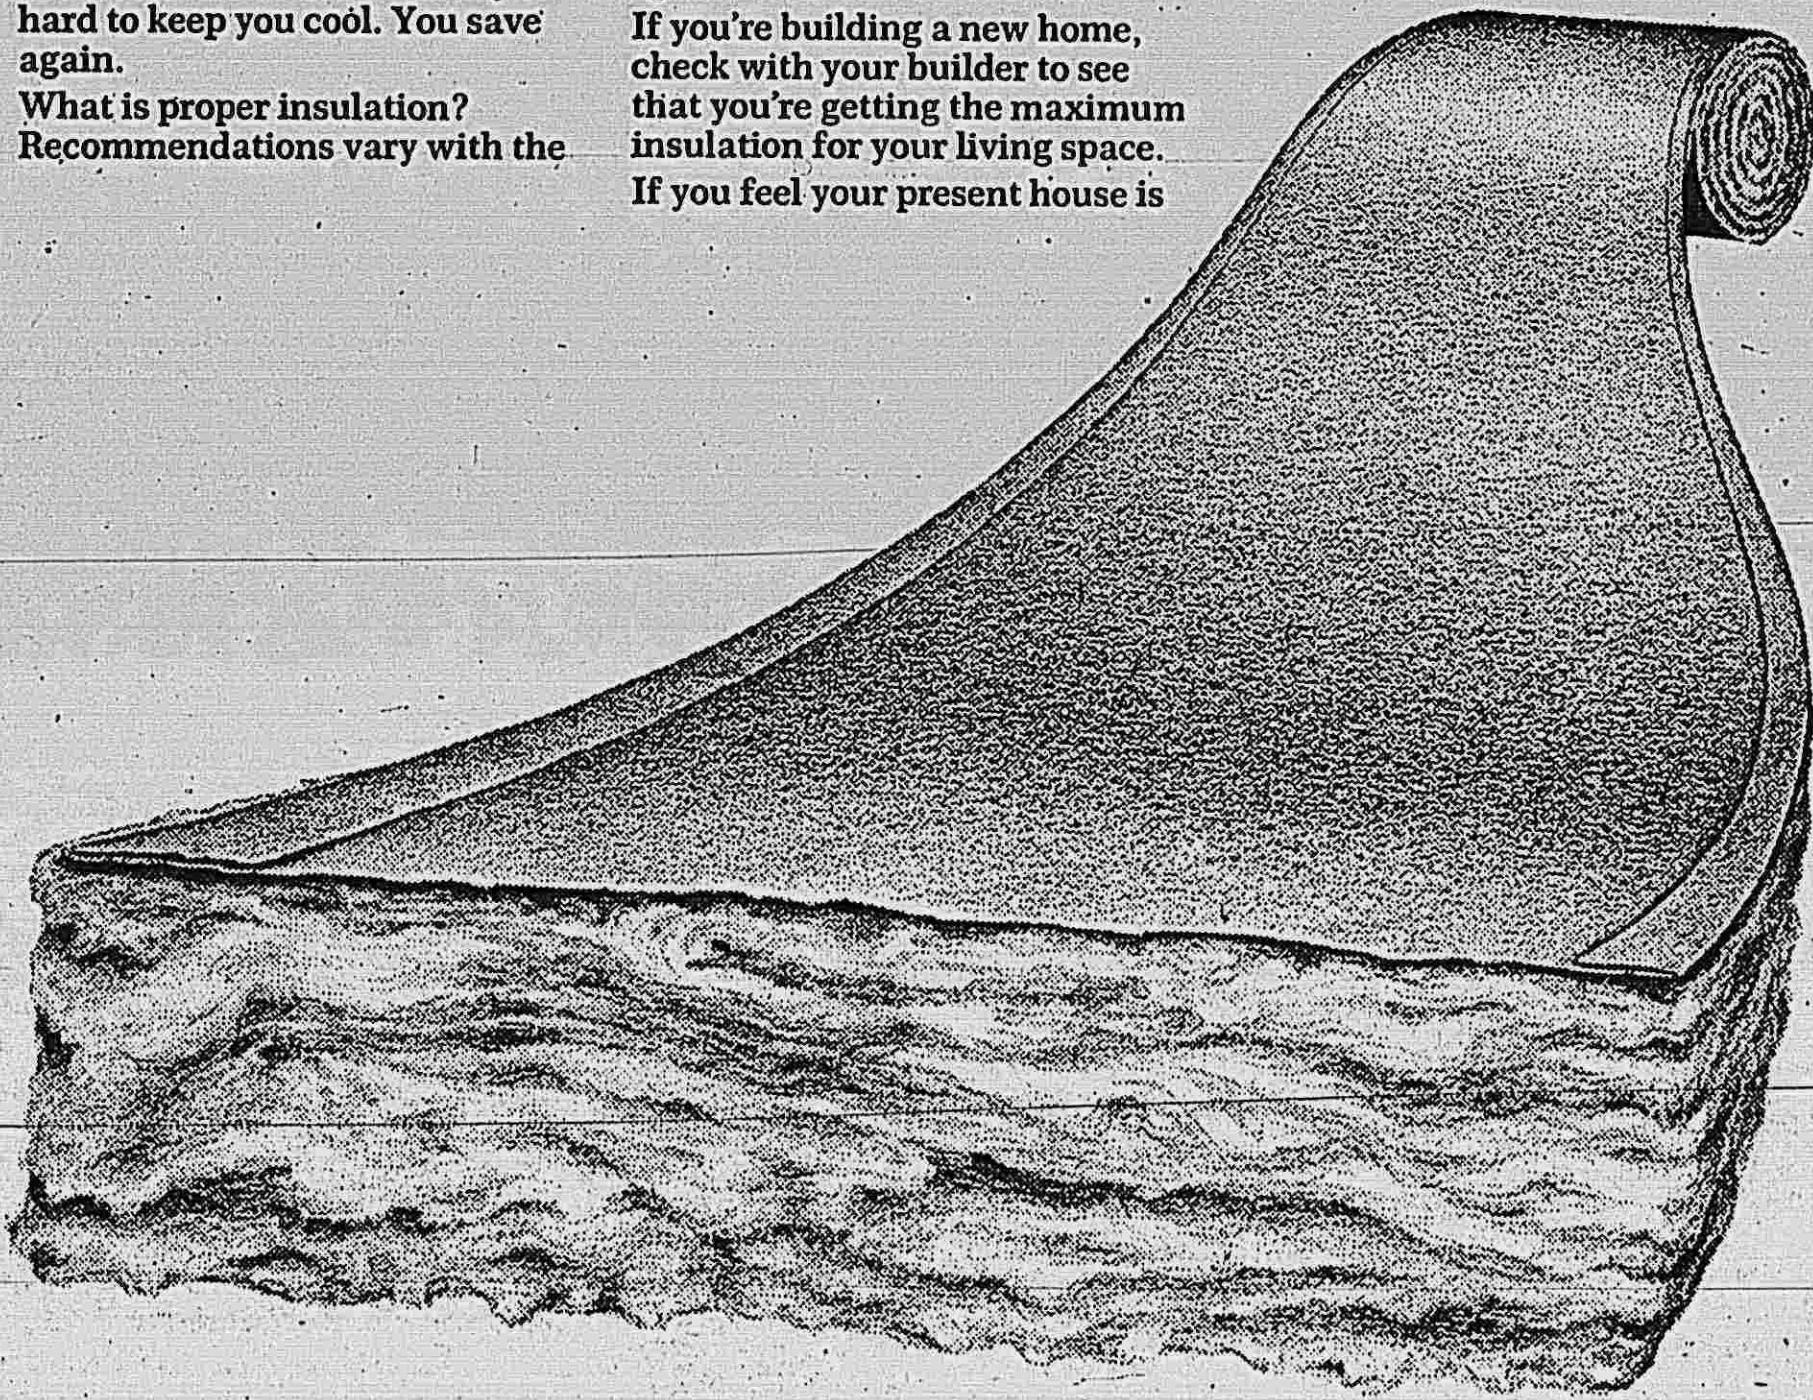

What is proper insulation? Recommendations vary with the

type of construction. The ability of an insulating material to resist the flow of heat is measured in a unit called R-Value. The higher the R-Value the better the thermal resistance of the insulation. With electrically heated homes, we recommend the equivalent of R-19 in the ceiling, R-11 in the walls, and R-11 in the floor. In all cases, the better the insulation, the more efficiently the heating and cooling systems will operate.

If you're building a new home, check with your builder to see that you're getting the maximum insulation for your living space. If you feel your present house is

under-insulated, an insulating contractor or supplier can show you how to improve it. This hint is included in our booklet "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

Obituaries

MRS. ANNA B. WOODMASTER—92 years old of 1314 Forest Drive—Lake Villa, Ill., passed away Monday, September 17th at Victory Memorial Hospital. She was born August 7, 1881 in Fawn River, Michigan, and had lived in Constantine, Michigan—Chicago in 1904, to Colon, Michigan in 1941, back to Chicago in 1963, and to Antioch in 1965, and resided in Lake Villa since 1968. She is a member of St. Peters Catholic Church at Antioch. She married Carl J. Woodmaster on June 21, 1909 in Chicago and he preceeded her in death on December 18, 1968.

Survivors are 2 sons Paul W. Woodmaster (Lake Villa, Ill.)—Wilfred L. Woodmaster (Rice Lake, Wis.)—2 daughters Mrs. Frances (Howard) Rogers (DesPlaines, Ill.)—Mrs. Eileen (Robert) Wittenberg (Chicago)—6 grandchildren and 9 great grandchildren.

A funeral mass was held at 9:30 a.m. Wednesday at St. Peters Church in Antioch with interment in Mt. Carmel Cemetery at Antioch.

MRS. VERA T. NEADSTINE—82 years old of 1510 Forest Drive (Petite Lake Highwoods Subd) Lake Villa, Ill. passed away on Friday, September 14th in Kansas and had resided in Quincy, Ill.—Mound City, Ill.—Alexandria, Virginia—Oxnard, Calif.—San Mateo, Calif.—Orange, Calif.—then to Waukegan for 1 year, and to Lake Villa two years ago. She retired as a clerk for an insurance broker in California. She holds membership in the First Church of Christ Scientist in Waukegan. She was preceeded in death by her husband George C. Neadstine in November 1941—1 daughter Mrs. Louise Darke in June 1970.

Survivors are 1 son George W. Neadstine (Lake Villa, Ill.)—1 sister Mrs. Edna Kendall (San Mateo, Calif.)—7 grandchildren and 7 great grandchildren.

Services were held at the convenience of the family. Arrangements were made by Strang Funeral Home in Antioch.

MR. JOHN H. SOLBERG—95 years old of Lancaster, California passed away on Friday, September 14th at a California Hospital. He was born December 20, 1877 at Krohjem, Norway and came to the United States in 1884 to reside in Chicago, then moved to Padock Lake, Wis. in 1954, Grayslake, Ill. on August 1, 1966, and has lived in Lancaster, California since Feb. 6, 1968. He had been president of Weichert Heating & Air Conditioning at 4420 Elston Ave. in Chicago for many years. He married Thora Erickson on June 26, 1907 in Chicago and she preceeded him in death on Feb. 12, 1961. A daughter Evelyn Solberg passed away and a sister Mrs. Ovida Petersen previously.

Survivors are 3 sons Wesley Solberg (Glenview, Ill.)—Sidney Solberg (Libertyville, Ill.)—Marshall Solberg (Grayslake, Ill.)—and 1 daughter Mrs. Lucille (Joseph) Wisniewski (Lancaster, California)—grandchildren — great grandchildren.

Funeral services are pending.

Page 15

OPEN HOUSE OF CHAIN O'LAKES WARD OF CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS

The 21st of September is the date set for a special open house of the Chain O'Lakes ward of the Church of Jesus Christ of Latter-Day Saints.

Featured in the activities will be a presentation about ancient American religion and a film produced by Brigham Young University titled "Meet the Mormons".

In keeping with the Mormon

emphasis on family living, everyone is invited to come and bring their entire family. The program will be on Friday, September 21, at 7:00 p.m. No admission charges will be made nor collections taken. Light refreshments will be served.

The open house will take place in the chapel located at 411 North O'Plaine Road (across from the Warren High School) in Gurnee.

SHERWOOD GOSPEL SINGERS AT CALVARY BAPTIST CHURCH

Come and hear the Sherwood Gospel Singers on Tuesday, September 25th at 7:30 p.m. at the Calvary Baptist Church of Antioch, 554 Parkway Avenue.

In addition there will be a film "Link of Love" depicting refugees overseas.

Refreshments served. We hope everyone will come.

BISHOP MONTGOMERY MAKES VISITATION

Bishop Montgomery will make his visitation to St. Ignatius on Sunday, September 23rd. He will meet with Fr. Bessette, the Vestry and other members of the parish. He will also administer the Sacrament of Confirmation at the 9:30 a.m. service.

"PERFECT LOVE CASTETH OUT FEAR"

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

(Feb. thru Nov.)
9:30 a.m.-WAIT
7:00 a.m.-WJJD-f.m.

THE TRUTH THAT HEALS

CHRISTIAN SCIENCE CHURCH

God's love and protection is brought out this week in the Lesson-Sermon entitled "MATTER", when Jesus rebuked the wind and raging of the water, as recorded in St. Luke 8.

The true Logos is demonstrably Christian Science, the natural law of harmony which overcomes discord—not because this Science is supernatural or preternatural, nor because it is an infraction of divine law, but because it is the immutable law of God, good. Jesus said: "I knew that Thou hearest me always;" and he raised Lazarus from the dead, stilled the tempest, healed the sick, walked on the water"; a citation to be read from Science and Health with Key to the Scriptures by Mary Baker Eddy states.

Services at First Church of Christ, Scientist, Route 173 and Harden, Antioch, Illinois begin at 11 a.m. All are welcome.

"Hindsight's Better Than Foresight"

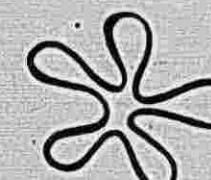

One of the pleasant things of a small community like the Village of Antioch is the close relationship that people have. Most of the people even have many blood relatives living right here. These relationships of people are noticeably different from the relationships of people in a large city.

Every relationship demands a response. Response to a relationship can be a difficult accomplishment. There are various kinds of responses to relationships. There is the response of people who see each other daily. One can tell what kind of relationship exists from the response. Some people who are close friends can maintain a relationship even though distance makes it impossible for them to see each other often. They keep their relationship going by phone or mail only if both are interested in keeping the friendship alive.

It is difficult to retain a relationship when the response says "indifferent" or "not interested." It's like the man who sends his mother roses every Mother's Day and never sees, calls or writes the rest of the year. The annual roses say "indifferent" or really "not interested."

Any relationship expects "presence" of the individuals. One of the things worse than death is a relationship, if you can call it that, where one of the individuals has no time for "presence" yet wants the relationship to continue.

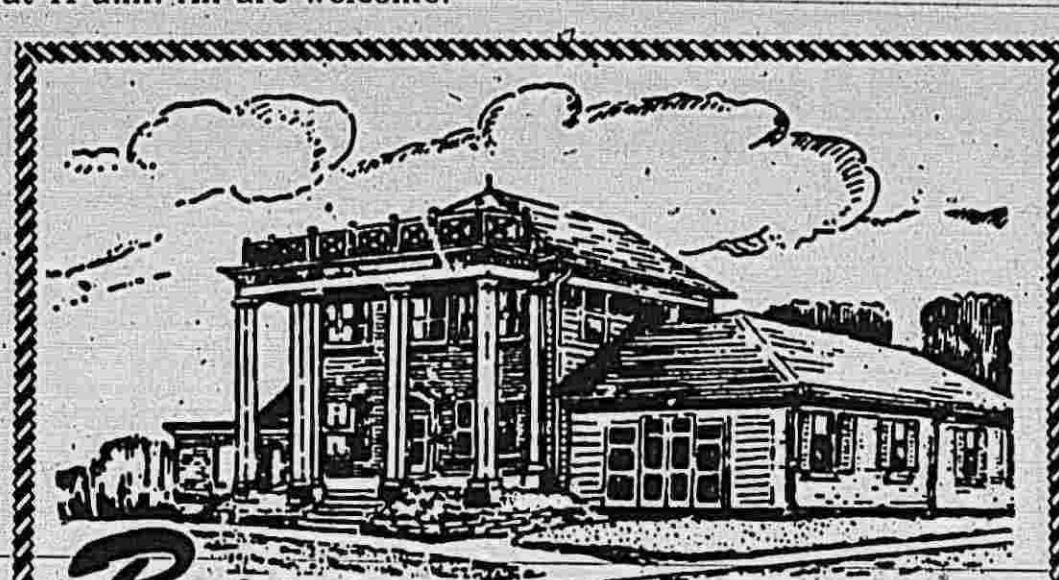

The relationship with God works the same way. The relationship between God and man—between man and God demands "presence" otherwise the relationship may fade away.

Society Notes

by: Del Jahneke

Mrs. Joseph Rhymer, Route 21, rural Antioch; accompanied by her friend, Mrs. Gladys McCarthy of Gurnee; have just returned from a nine day tour of our continent that most of us have not seen. They flew from O'Hare airport directly to Montreal, Canada. The next day, they left by bus for a 1,354 mile trip driving beside the St. Lawrence River to the Gaspe peninsula of Nova Scotia, and then around beautiful, mountainous Gaspe, over half of which faces the Atlantic Ocean. They visited St. Anne's Cathedral - one of the largest and loveliest Catholic Churches in the world, with a seating capacity for 3,000 people. Since much of this country was colonized back in 1700, there were many old churches and edifices to explore.

The majority of the people are French Canadian and fish for their livelihood. They farm in their deep narrow valleys. Mrs. Rhymer noticed that the oats were still green, but evidently do ripen in time for the fall harvest.

An unusual sight for the ladies

The Antioch Volunteer Fire Department Men's and Women's water fight teams brought home several trophies from Countryside this weekend.

Top left: Men's team No. 1, with first place and traveling trophies, (front) Ken Watson and Jerry VanPatten, (back) Bernie Gutowski and Dale Frasch.

JOHN TERESI CHEV - OLDS, INC.
NEW ADDRESS - 120 Rt. 173
ANTIOCH, ILL. 395-3600

(Week of Sept. 21-27)

ARIES (March 21-April 20): Overall, a favorable period for those born under your sign. New social contacts may lead to thoughts of romance, so watch your personal grooming. Financial cycle is favorable. A good time to deal with money matters. Best days: Friday, Tuesday.

TAURUS (April 21-May 20): A sense of adventure is an important factor in your life. Good time for travel; business trips can bring opportunity. Be sure to display sensitivity to needs of family, especially children. Best days: Monday, Wednesday.

GEMINI (May 21-June 21): Take advantage of weekend and days off to improve home, garden. Weekend also favorable for outdoor recreational activities. Try to curb your impatience with associates, family. Tact achieves better results. Best day: Tuesday.

CANCER (June 22-July 21): A time for launching new projects, seeking greater opportunity. If you've been thinking of a career change, now is the time. A friend or member of the family may seek your counsel. Be generous with your time and attention. Best days: Friday, Sunday.

LEO (July 22-Aug. 22): Happiness can be yours during this period. Moon in your sign favorable for entertaining, enjoying the company of friends and family. You can sparkle at social events. Enjoy the attention! Best days: Sunday, Thursday.

VIRGO (Aug. 23-Sept. 22): Extra work or study can earn recognition in the days ahead. But don't overdo activities. Be sure to schedule enough time for rest and recreational pursuits over weekend. Take care if traveling. Best days: Monday, Tuesday.

LIBRA (Sept. 23-Oct. 22): You have an eye for beauty, whether in fashion or decorating. Use your talents to spruce up around the home. Friends often admire your pleasant disposition. You can make progress this week in creative projects and social contacts. Best days: Sunday, Tuesday.

SAGITTARIUS (Nov. 23-Dec. 21): Take care of unfinished business involving career or business affairs. Those born under your sign often are lucky in unexpected ways. But work, not daydreaming, achieves better results. Best day: Tuesday.

CAPRICORN (Dec. 22-Jan. 20): Shopping, social activities all favored this weekend. Now is a good time to attend to fall wardrobe, for yourself and for loved ones. A visit from an old friend or acquaintance could brighten your outlook. Best days: Sunday, Monday.

AQARIUS (Jan. 21-Feb. 18): Avoid impulsiveness in all you do. Not a time to pursue risky projects. Be considerate of loved ones and friends. You may be surprised by something that can bring happiness to you and others. Best days: Saturday, Wednesday.

PISCES (Feb. 19-March 20): Social affairs favored over weekend. A new friendship could be the result. Take care in matters of health and schedule enough rest. You may be trying to accomplish too much at one time. A slower pace aids health and mood. Best days: Sunday, Thursday.

Super modifieds to end season at Wilmot

The Interstates Racing Association of super modifieds will wind up 1973 auto racing action this Saturday night at the Kenosha County Speedway in Wilmot, Wisconsin. Several Champions as well as drivers with distinctive honors earned in 1973, will be on hand.

Area modified Champions include: Dick Duson, Greenfield, Wilmot Champion; Roger Otto, Burlington, Lake Geneva Raceways Champion; Billy Goeden, Kewaskum, MSCRA Champion; and Aaron Solsrud, Menomonee Falls, Slinger Speedway Champion.

Don Sorce, West Allis, who recently took over the greatest number of wins in IRA will be on hand along with track record holder, Jim Bozeman, Waukegan and Ron Marish, Milwaukee who has set fast time on the most nights at Wilmot.

These drivers will be making their final 1973 Wilmot and dirt track appearance. On Saturday and Sunday, October 6 and 7, they will wind up all area super modified action on the asphalt track at the Wisconsin International Raceway in Kaukauna, Wisconsin.

This Saturday night, in addition to the heats and features, a second and final Demolition Destruction Derby will be held. The payout will be \$200.00 and while the last demolition paid only \$100.00, it drew over 20 cars so this one is sure to top that in numbers as well as crashes and thrill for the fans. James Eckert, Kenosha will return to defend his crashing championship from the earlier date.

One of the backs from the Antioch Boys Viking football heavyweight team breaks out of the backfield for a gain in Sunday's game against Grayslake. The heavyweights lost their contest, while the lightweight team scored a victory. (Staff Photo)

Hunter's warm-up shoot in Antioch, Sunday Sept. 30

Antioch's 885 Civic Club will hold the 5th Annual run of their Hunter's Warm-Up Prize Shoot, Sunday, September 30th at the NICC Trap Range.

A truckful of meat goodies will be the quarry of the shotgunning, including JoPat beef patties, rock cornish hens, turkeys, ducks, chickens, hams and bacons.

Besides the opportunity to fill the larder with delicious meats, gunners will be sharpening up the old shooting eye in preparation for the upcoming hunting season. Or better yet, they may win so much ready-to-cook meat that they will pass up a foray in field and slough to pursue harassed game animals. Score one for conservation.

Clay targets is what they'll be shooting at, and as at past shoots, all grades of nimrods will get a fair share of the prizes. There will be contests where shooters who can't hit the

ground with their hat will win. In other contests mediocre marksmen will win....while in still others lucky blokes will bring home the bacon. And of course, the hot-shots will have their events too. Even non-shooting women may enter one contest where no skill is required. Just point the gun at a stationary card and the pellet that comes closest to center wins a prize. The club supplies the gun and shell for this one.

Shooting commences at 9 a.m. and continues until dark. Ladies of the 885 Club will have sweet rolls and coffee available in the morning and hot lunch all day long.

The NICC Trap Range is three miles west of Antioch on Route 173 and there is plenty of parking on the grounds....Free.

Proceeds from this event will be used by the 885 Club for their planned civic projects.

In the event of rain, the shoot will be held the following Sunday.

Ford introduces the 74's. The news is big, medium and small. At your Ford Dealer's.

Mustang II Ghia

Ford Mustang II. A new class of small car: First Class.

Mustang II is 19 inches shorter than last year's Mustang... even a bit shorter than the original one. It's more than a new Mustang. It's a whole new class of small car: First Class. In every way. From its jewel-like exterior to its handsomely appointed interior, the new Mustang II gives

you a luxurious level of standard equipment you probably never expected to find in a small car. Yet Mustang II still carries an economical small-car price. Mustang II comes in two different body styles, four different models. See them soon.

Gran Torino Brougham 2-Door Hardtop shown with optional deluxe bumper group.

1974 Ford Torino. The solid mid-size.

Torino's got a new young look this year. Excitingly restyled outside... exciting new features inside. And lots of solid car to go with them. A new young look, a smooth and steady ride. That's Torino '74.

Ford LTD Brougham 2-door Hardtop shown with optional deluxe wheel covers, white sidewall tires and deluxe bumper group.

A Woodstock defender reaches for the ball carried by Antioch's Bob Bailey in the teams' Saturday afternoon contest. Antioch ended up on the short end of a 7 - 6 score. (Staff Photo)

A need for air control

For the second straight week in this new season and in a new league the Fighting Sequoits Varsity Football team went down to defeat. This time it was at the hands of one of the new league members, Woodstock, 7-6.

According to head coach, Roy Nelson and asst. coach, Bruce Bartosz if the Sequoits could forget the second quarter of last Saturday's game it would have been a good day. Both coaches felt the team did a better job this week than last, in fact in many ways the Sequoits outplayed the opposition.

The Sequoits went on the board first during the first quarter. Woodstock received the opening kick-off and on the 4th play of the game had a pass intercepted by No. 66 Rick Sedar of Antioch at Woodstock's 36 yard line. Number 33, Bob Bailey went for two yards on the first play. Number 13, Darrell Channell for three yards and on the third play Channell again around his own left end for 34

yards and the game's first T.D. The try for the two point P.A.T. was no good and Antioch led 6 to 0 at the end of the first quarter.

On the kick-off from Antioch to Woodstock which opened the second quarter, Woodstock began a drive at their 11 yard line which carried them 89 yards to a game winning T.D. and extra point. This drive was highlighted by the outside passing of the Woodstock quarterback. Woodstock threw 4 passes during this touchdown drive with the final one being a 10 yard toss for the T.D. The P.A.T. was good and Woodstock left the game at the end of the first half in the lead 7 to 6.

The second half saw a good deal of hard fought action which all took place between the 30 yard lines of the two teams. Neither team posed a real scoring threat during the entire second half.

Ironically as it may seem, the phase of the game during the second half that the Fighting Sequoits did so well was their

Terry Lear (57) and Rick Sedar (66), of Antioch, break up a pass intended for a Woodstock receiver. Though the picture gives the appearance of the play ending in disaster, Sedar eventually grabbed the ball and carried the interception back about 25 yards, setting up Antioch's only scoring play. (Staff Photo)

undoing in the first half. During the third and fourth quarter the Sequoits put on a fine display of pass defense, holding the Woodstock eleven to no completions and no gain in the air.

According to assistant coach, Bruce Bartosz the Sequoits are just going to have to come up with a passing game before next week's game with Warren. Without some sort of passing game the opposing teams set up for the Sequoit running offense and make it almost impossible to get the ground game going.

Outstanding offensive players this week were: No. 13, Darrell Channell - 8 carries for 79 yards

and No. 43, Floyd Davis - 15 carries for 72 yards. As a team they had 171 yards rushing and 2 yards passing for a total of 173 yards. Woodstock had only 102 yards rushing, but had 112 passing which fairly well tells the story.

On defense, No. 66 Rick Sedar, No. 55 Brandy Abear,

No. 43 Floyd Davis and No. 13 Darrell Channell all did a fine job for the Sequoits.

Next week (Friday, September 21) the Sequoits take a trip to Gurnee and do battle with the Blue Devils on their home field. The first game begins at 6:00 p.m. and the Varsity game at 8:00 p.m.

FROSH WIN TWO GAMES

Antioch's two freshmen football teams continued their winning ways by matching victories, Saturday. The "B" team traveled to Woodstock where they squeaked out a 2-0 win. Gary DiSilvestro was credited with a safety. Gary also recovered fumbles and intercepted a pass.

The Frosh "A" team was unable to play Woodstock because of schedule conflicts but fortunately picked up a game against the Barrington "B" team at the Broncos field. Barrington is a perennial football power and looked strong with 56 players on the "B" team. The game was no contest as Antioch cruised to a 54-0 win. Scoring touchdowns for the Sequoits were Todd Ten Eyck (2), Doug Schreiber (2), Rich Bailey, Brian McGrain, and John Muse. Muse, a center, scooped up a fumble and ran it in. P.A.T.'s were scored by Wally Wallraf (2), Ten Eyck, Bruce Kecskemeti, Dan DiGiovanni, and Mike Brady.

Defensively, Antioch remained very tough. Barrington gained only one first down (by penalty). Six Bronco fumbles were recovered, two by Schreiber and one each by Ten Eyck, Muse, Marty Esposito, and Jeff Lindom. Lindom and Ten Eyck also had pass interceptions.

Coach Norm Hahn expressed great pleasure with the play of the young Sequoits. He credited Todd Ten Eyck and Conrad Knutson with good defensive play. He felt everyone contributed to the victory. However, he was apprehensive about this week's game. "Warren is always very strong. If we can play as well next Saturday, we can be champs."

MONTEGO...THE
PERSONAL-SIZE CAR WITH
THE RIDE OF A BIG CAR

While shorter by almost a foot than some full-size cars, the Mercury Montego is designed, engineered and built to provide a ride to rival that of many a big-size car.

Montego is built to Lincoln-Mercury's high standards on an extra-wide track with the same type of high-stability suspension system used in luxury cars. Yet the car provides all the advantages of the intermediate: easy handling, lower costs, convenience in threading traffic and parking, along with room and a ride to make it an enjoyable long-trip automobile, too.

Technical-feature improvements on all models include larger rear brakes, front bumper guards standard, inside hood latch release and larger windshield washer reservoir.
